Financial Report**

Attached is the Monthly Financial Report for the period ending September 30, 2013.

GENERAL FUND

The Controller's Office is projecting an ending fund balance of \$163.2 million for FY2014. This is \$18.6 million lower than the projection of the Finance Department. The difference is due to a \$18.6 million higher revenue projection from the Finance Department. Based on our current projections, the fund balance will be \$25.2 million above the City's target of holding 7.5% of total expenditures, excluding debt service, in reserve.

We have increased our projection for Other Taxes \$1 million for Mixed Beverage taxes, due to a change in state law increasing the percent paid. We also decreased our projection for Intergovernmental by \$370,000, reflecting the reallocation of federal funding for the Family Planning Program.

The major differences are in six categories:

- (1) Industrial Assessments are \$1 million lower as Controller's Office is using a lower collection rate than Finance.
- (2) Sales Tax revenues are \$9.3 million lower, as the Controller's Office is using Dr. Gilmer's April 2013 growth estimate, discounted by 1%.
- (3) Charges for Services are \$1.7 million lower. Controller's Office is projecting slightly lower Ambulance collections.
- (4) Municipal Courts are \$2.4 million lower, as the Controller's Office expects lower ticket issuance than Finance.
- (5) Interest is \$1 million lower reflecting lower cash balances and lower interest rates.
- (6) Miscellaneous/Other is \$1.3 million lower for one-time revenues. Our revenue projections agree with those from our FY2014 Trends report.

Expenditure projections in total have not changed over last months' projection, although there were several budget transfers from General Government (\$6.4 million) to various departments. Fire increased \$4.9 million for additional ambulances and EMT training. General Services increased \$1 million, and Parks increased \$500,000 for increased maintenance renewal and replacement.

Please remember that all FY2013 numbers are preliminary estimates and subject to change until the annual audit is completed and the Comprehensive Annual Financial Report is published.

ENTERPRISE FUNDS

In the Aviation Operating Fund, we have increased our projection for Operating Revenues \$2.5 million primarily for increases in Parking and Concessions. Operating Expenses decreased \$5.5 million mainly for savings in personnel. These changes caused Operating Transfers to increase \$8 million.

**Mayor Annise D. Parker
City Council Members
September Monthly Financial Report**

Our projection for the Combined Utility System Operating expenses decreased \$3.6 million primarily for delays in filling vacant positions. Operating Transfers Out decreased \$1.9 million for vehicles being received in FY2013, earlier than expected.

In the Dedicated Drainage & Street Renewal Fund, we have decreased our expenditure projection \$1.6 million reflecting personnel savings of \$500,000 and lower drainage assessment inventory contract costs of \$1.1 million.

Our projection for the Storm Water Fund, Operating Transfers In decreased \$1.1 million and Operating Expenditures decreased \$683,000 for the lower drainage assessment inventory contract mentioned above.

We are currently projecting the Convention & Entertainment Operating Fund at budget.

COMMERCIAL PAPER AND BONDS

The City's practice has been to maintain no more than 20% of the total outstanding debt for each type of debt in a variable rate structure. As of September 30, 2013, the ratio of unhedged variable rate debt for each type of outstanding debt was:

General Obligation	6.2%
Combined Utility System	0.0%
Aviation	17.4%
Convention and Entertainment	18.3%

City of Houston, Texas
Quarterly Swap Agreements Disclosure
September 30, 2013

I. Combined Utility System Swaps

A. Combined Utility System Synthetic Fixed Rate Swap

On June 10, 2004 the City entered into three pay-fixed, receive-variable rate swap agreements (“the 2004B Swaps”) related to the Combined Utility System 2004B auction rate variable interest bonds (“the 2004B Bonds”). The City pre-qualified six firms to submit competitive bids on the swaps. The three firms selected all matched the lowest fixed rate bid of 3.78%. As of August 15, 2012 the City had converted all of the 2004B bonds from auction rate to variable rate demand bonds (“the 2004B bonds”) and SIFMA-Index notes (“the 2012A and 2012B Refunding Bonds”), collectively referred to herein as the “Bonds.”

Objective. The objective of the swaps is to hedge against the potential of rising interest rates associated with the Bonds and to achieve a lower fixed rate than the market rate for traditional fixed rate debt at time of issuance. The City’s goal is that its variable receipts under these swaps equal the variable payments made on the bonds, leaving the fixed payment on the swap, plus dealer and liquidity fees and the fixed spread to SIFMA, as its net interest cost.

Terms. The notional amounts of the swap agreements total \$653.3 million, the principal amount of the associated Bonds. The City’s swap agreements contain scheduled reductions to outstanding notional amounts that follow anticipated payments of principal of the Bonds in varying amounts during the years 2028 to 2034.

Under the terms of the swaps, the City will pay a fixed rate of 3.78% and receive a floating rate equal to 57.6% of One-Month US Dollar LIBOR plus 37 basis points. All agreements were effective June 10, 2004, the original date of issuance of the Bonds. The termination date is May 15, 2034.

Receipts and Payments. For the three months ended September 30, 2013, the City earned \$799,670 in swap revenue for these swaps and paid \$80,017 of interest on the underlying securities. The contractual rate for the City’s swap payment is 3.78%. The average effective rate for the 2004B bonds, including interest for the Series 2004B bonds, the City’s swap payments, and its dealer and liquidity fees, reduced by swap receipts, was 3.92%. In contrast, the comparable fixed rate the City paid on its Combined Utility System Series 2004A bonds was 5.08%.

Fair value. Because interest rates have changed, the swaps had an estimated negative fair value of \$133.9 million on September 30, 2013. This value was calculated using the zero-coupon method.

Credit risk. As of this date, the City was not exposed to credit risk because the swaps had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk on the swap in the amount of its fair value. If a counterparty’s credit rating falls below rating thresholds established by the agreements, collateral must be posted in varying amounts depending on the credit rating and swap fair value. No collateral has been required to date.

Counterparty	Notional Amount	Fair Value	Counterparty Credit Rating (Moody’s/S&P/Fitch)
Goldman Sachs Capital Markets Inc.	\$ 353,325,000	\$ (72,396,000)	A3 /A- /A
JP Morgan Chase	150,000,000	(30,742,000)	A2/ A/A+
UBS AG	150,000,000	(30,742,000)	A2 /A /A
	<u>\$ 653,325,000</u>	<u>\$ (133,880,000)</u>	

Basis risk. The City is exposed to basis risk on the swaps because the variable payment received is based on a different taxable index from the tax-exempt rate paid by the City on the bonds. Should the relationship between taxable LIBOR and tax-exempt rates move to convergence (because of reductions in tax rates, for example), the expected cost savings may not be realized. For the three months ended September 30, 2013 the swap generated positive cash flow with the average variable rate paid on the underlying tax-exempt bonds at 0.05%, or 0.46% lower than the average 0.51% LIBOR-based rate received for the swap. On September 30, 2013, the interest rate in effect for the underlying bonds was 0.18%, 0.32% lower than the 0.50% rate in effect for swap receipts.

Remarketing risk. The City faces a risk that the remarketing agent will not be able to sell the variable rate demand bonds at a competitive rate each week. There is no remarketing risk associated with the SIFMA index notes until the end of the respective maturities in 2015 and 2017. Rates may vary considerably as investors shift in and out of the tax-exempt variable rate sector.

Termination risk. The City may terminate for any reason. A counterparty may terminate a swap if the City fails to perform under the terms of the contract. The City's on-going payment obligations under the swap (and to a limited extent, its termination payment obligations) are insured, and counterparties cannot terminate so long as the insurer does not fail to perform. If a swap is terminated, the associated variable-rate bonds would no longer carry synthetic fixed interest rates. Also, if the swap has a negative fair value at termination, the City would be liable to the counterparty for a payment equal to the swap's fair value.

B. Combined Utility System Forward Rate Lock/Synthetic Fixed Rate Swap

On November 1, 2005 the City priced a floating to fixed interest rate exchange agreement swap with Royal Bank of Canada ("RBC") on a forward basis. The City pre-qualified eight firms to submit competitive bids, and RBC submitted the lowest bid of 3.761%.

Objective. The City entered the swap agreement to hedge against the potential of rising interest rates and to achieve a lower fixed rate than the market rate for traditional fixed rate debt. This swap was previously assigned to the 2008A variable rate demand bonds and the 2010B SIFMA Indexed Notes. The swap is currently associated with the 2012C SIFMA Indexed Notes, which refunded the 2010 SIFMA Indexed Notes. The addition of the SIFMA-Indexed Notes diversifies the System's variable rate debt portfolio. Rates on the notes are calculated at SIFMA +60 bps, and the notes expire in 2016.

Terms. The notional amount of the swap is \$249.1 million with the underlying bonds being the Series 2012C Notes. The swap agreement contains scheduled reductions to the outstanding notional amount during the years 2028 to 2034.

Under terms of the swap, the City pays a fixed rate of 3.761% and receives a floating rate equal to 70% of One-Month US Dollar LIBOR. The agreement became effective December 3, 2007 with a termination date of May 15, 2034.

Receipts and Payments. For the three months ended September 30, 2013, the City earned \$84,283.89 swap revenue for its 2012C swap and paid \$35,621.13 on the underlying notes. The contractual rate for the City's swap payment is 3.761%. The average effective rate for the bonds, including the City's swap payments and a fixed component of 0.52%, was 4.28%.

Fair value. Because interest rates have changed, the swap had an estimated negative fair value of \$49 million on September 30, 2013. This value was calculated using the zero-coupon method.

Credit risk. The City's swap policy generally requires that swap counterparties be rated double-A or better by at least one nationally recognized rating agency. As of this date, RBC met this requirement with ratings of Aa3/AA-/AA. Also, under the agreement, if RBC's credit rating falls below double-A, collateral may be requested in varying amounts depending on the credit rating and swap fair value. No collateral has been required to date.

Basis risk. The City will be exposed to basis risk on the swap because the variable payment received is based on a taxable index other than the tax-exempt SIFMA based rate paid by the City on the bonds. In the future, if tax-exempt rates move to convergence with the taxable LIBOR index (because of reductions in tax rates, for example), the expected cost savings may not be realized, resulting in a higher synthetic rate. For the three months ended September 30, 2013, the average variable rate paid on the underlying tax-exempt bonds, excluding the fixed credit spread component, was 0.13%, 0.03% lower than the average 0.16% LIBOR-based rate received for the swap. At September 30, 2013, the overall rate in effect for the underlying bonds, excluding the fixed spread component, was 0.18%, 0.03% higher than the 0.15% rate in effect for the swap receipts.

Termination risk. The City may terminate for any reason. RBC may terminate a swap if the City fails to perform under the terms of the contract. The City's on-going payment obligations under the swap (and to a limited extent, its termination payment obligations) are insured, and RBC cannot terminate so long as the insurer does not fail to perform. If a swap is terminated, the associated variable-rate bonds would no longer carry synthetic fixed interest rates. Also, if the swap has a negative fair value at termination, the City would be liable to the counterparty for a payment equal to the swap's fair value.

Subject: 3+9 Financial Report

Attached is the 3+9 Financial Report for the period ending September 30, 2013. Fiscal Year 2014 projections are based on three months of actual results and nine months of projections.

General Fund

We are currently projecting an ending fund balance of \$181.8 million, which is approximately \$1.4 million higher than last month and represents 9.9% of expenditures less debt service payments. This fund balance is based on the FY2013 unaudited preliminary ending fund balance.

The projection for Revenues and Other Sources increased by \$630,000 due to the following forecast changes:

- The Mixed Beverage Tax projection increased by \$1.0 million due to a change in the tax allocation from the State to cities and counties that rose from 8.3% to 10.7% and went in effect on September 1, 2013,
- Intergovernmental revenues decreased by \$370,000 due to the reallocation of federal funding for the Family Planning Program.

Our projection for Expenditures and Other Uses remains unchanged from last month. It reflects budget transfers among various departments for the following:

- Budget transfer of \$6.4 million from General Government to:
 - o Fire Department to fund additional ambulances and EMT training in the amount of \$4.9 million per the adopted budget;
 - o General Services Department in the amount of \$1.0 million and Parks Department in the amount of \$500,000 to fund increased maintenance renewal and replacement activities included in the adopted budget,
- Budget transfer of \$237,000 from the Planning and Development Department to the Houston Information Technology Services Department due to Enterprise Geographic Information System support consolidation.

Enterprise, Special Revenue and Other Funds

We are projecting no change in Enterprise Funds, Special Revenue Funds and all other funds from the 2+10 Report, with the exceptions of the following:

Aviation

Operating Revenues increased by \$2.5 million mainly due to parking, concessions and ground rental revenues. Operating Expenditures decreased by \$5.5 million mainly due to personnel savings. As a result, Operating Transfers-Out increased by approximately \$8.0 million.

Combined Utility System

Operating Expenditures decreased by \$3.6 million mainly due to delays in filling vacant positions. Operating Transfers-Out decreased by \$1.9 million due to vehicles being received in FY2013, earlier than anticipated.

Dedicated Drainage & Street Renewal Fund

Operating Expenditures decreased by \$1.6 million reflecting personnel savings of \$500,000 and reduced Transfers-Out by \$1.1 million due to a lower than anticipated cost for the drainage assessment inventory contract.

Storm Water Fund

As a result of the cost for drainage assessment contract being less than anticipated, the Operating Transfers-In decreased by \$1.1 million and the Operating Expenditures decreased by \$683,000.

Building Inspection Fund

Expenditures decreased by \$377,000 mainly due to delays in filling vacant positions.

*The Rainy Day Fund of \$20 million became unassigned in FY2011. In FY2012, the City reassigned \$5M to the Rainy Day Fund and another \$15M in FY2013. The total designation for the Rainy Day Fund is currently \$20M. In FY2014, the City designated \$1.72M out of the General Fund fund balance as restricted in the event that DARLEP collections are insufficient (Ordinance 2012-98)

**A negative number in the Controller or Finance projections represents a gap between sources and uses of funds that was not included in the adopted budget. If this gap was not addressed by decreasing uses or increasing the sources of funds, it would require a drawdown of fund balance in order to balance the budget. A positive number represents a projected increase in fund balance.

***The City desires to maintain an ending fund balance equal to 7.5% of expenditures less Debt Service which is \$137,958 based on current projections. Ordinance 2003-474 requires a 5% fund balance of expenditures less Debt Service. The City will be \$25,193 above 7.5% based on the Controllers Projections for FY2014.

- Indicates projection exceeds 5% or \$5M of budget expenditures or projected revenues are 5% or \$5M less than current budget

About the Fund:

The Combined Utility System Fund, which includes Fund 8300, Fund 8301, and Fund 8305, is an enterprise fund which accounts for operation of the City's water and wastewater facilities. The fund provides for the operation of the City's treated and untreated water, as well as, receives and process wastewater generated in a service area that includes the City, certain municipalities and unincorporated communities in the Houston metropolitan area. Some of the City's largest customers are other cities and water authorities which supply water to their own customers.

Note:

1. The Drainage Charge Revenue YTD includes all amounts billed. There is typically a 21 day lag between the billed and collected amounts.
2. This amount is based on the Captured Ad Valorem Tax Revenue as calculated below:

	FY2014		
	Adopted Budget	Projection	Year to Date Actual
Property Tax Revenue - General Fund (\$0.118 of City's Ad Valorem Tax Levy)	\$ 166,976	\$ 177,986	\$ 0

Captured Revenues ⁽²⁾ (to be transferred to Dedicated Drainage & Street Renewal Fund)	<u>11,100</u>	<u>22,110</u>	<u>0</u>
Note: Ordinance 2010-879 requires funding in the amount equivalent to proceeds from \$0.118 of the City's ad valorem tax levy minus an amount equal to debt service for drainage and streets to the Dedicated Drainage & Street Renewal Fund. Total outstanding debt payable from ad valorem taxes (as of September 30, 2013) is \$3.38 billion. The portion of the debt associated with drainage and street improvements is estimated at \$1.54 billion.			

The Dedicated Drainage and Street Renewal Fund is not technically an enterprise fund, but is grouped with the Combined Utility System for clarity.

About the Fund:

The Health Benefits Fund, an Internal Service Fund administered by the Human Resources Department, was established in 1984 to centralize the financial transactions for the City's benefit plans.

Effective May 1, 2011, the City elected to be substantially self-insured and awarded CIGNA a three year contract with two (2) one-year renewal options for 4 new health plans. The new health benefits model is composed of four (4) plans, all of which have heavy emphasis on a wellness component, and includes; 1) a limited network HMO-type plan, 2) an open access PPO-type plan with no out-of-network coverage, 3) a consumer driven high deductible Health Plan (CDHP), partnered with a health reimbursement account, and 4) a specific plan for retirees, mostly those under age 65, who live outside the limited network service area but who live in Texas. Effective 08/01/11 all 65+ Medicare eligible retirees must enroll in the 6 MA plans or opt out. These plans are supported by contributions from the city and participants.

The Fund also includes a vision plan, two dental plans, a dental/health maintenance organization (DHMO) and a dental indemnity plan. All three plans are supported exclusively by participants.

About the Fund:

The Property and Casualty Fund was established to monitor the financial requirements of the Property and Risk Management Programs. This activity is primarily self-funded. The revenue is generated from assessed premiums to the other funds. These premiums are based upon projected expenditures. All risk to the City's assets (except Workers Compensation, Life, Health Benefits, and Long Term Disability) fall within the scope of this fund.
