Financial Report

Attached is the Monthly Financial Report for the period ending January 31, 2019.

GENERAL FUND

The Controller's Office is projecting an ending fund balance of \$239 million for FY2019. This is \$18.3 million lower than the projection of the Finance Department. The difference is due to an \$18.3 million higher revenue projection from the Finance Department. Based on our current projections, the fund balance will be \$82.3 million above the City's target of holding 7.5% of total expenditures, excluding debt service and Pay As You Go (PAYGO), in reserve.

Our revenue projection remained flat from the December report.

The major differences are in three categories:

- (1) Sales Tax is \$12 million lower, as Controller's Office is using 1% growth based on Dr. Bill Gilmer's September 2018 estimates.
- (2) Other franchise revenue is lower by \$1 million.
- (3) Charges for Services are lower by \$1.880 million.

Expenditure projections were increased by \$1.2 million from the December report due to an increase in City Council expenditures to reflect projects approved but not completed in Fiscal Year 2018. This is \$3.3 million higher than the Adopted Budget.

December Monthly Financial Report**

ENTERPRISE FUNDS

We are projecting no material changes in the Aviation Operating Fund, Combined Utility System Operating Fund, Convention & Entertainment Operating Fund, Storm Water Fund, and the Dedicated Drainage & Street Renewal Fund this month.

COMMERCIAL PAPER AND BONDS

The City's practice has been to maintain no more than 20% of the total outstanding debt for each type of debt in a variable rate structure. As January 31, 2019, the ratio of unhedged variable rate debt for each type of outstanding debt was:

General Obligation	3.07%
Combined Utility System	1.27%
Aviation	4.37%
Convention and Entertainment	22.33%

Respectfully submitted,

*The total designation for the Budget Stabilization Fund is approximately \$867 thousand. \$20 million was transferred to the Disaster Recovery Fund.

**A negative number in the Controller or Finance projections represents a gap between sources and uses of funds that was not included in the adopted budget. If this gap was not addressed by decreasing uses or increasing the sources of funds, it would require a drawdown of fund balance in order to balance the budget. A positive number represents a projected increase in fund balance.

***According to the financial policies, Ordinance 2014-1078, the City is required to maintain an ending fund balance equal to 7.5% of expenditures less Debt Service and Pay-As-You-Go (PAYGO) which is \$156,750 based on current projections. The City will be \$82,260 above 7.5% based on the Controller's Projections for FY2019.

† Indicates projection exceeds 5% or \$5M of budget expenditures or projected revenues are 5% or \$5M less than current budget.

****Total may reflect slight variances due to rounding.
