**Subject:** March 2019  
Financial Report

Attached is the Monthly Financial Report for the period ending March 31, 2019.

**GENERAL FUND**

The Controller's Office is projecting an ending fund balance of \$275 million for FY2019. This is \$13 million lower than the projection of the Finance Department. The difference is due to a \$13 million higher revenue projection from the Finance Department. Based on our current projections, the fund balance will be \$116.8 million above the City's target of holding 7.5% of total expenditures, excluding debt service and Pay As You Go (PAYGO), in reserve.

Our revenue projection increased by \$28.7 million from the February report. Our projection for Property Tax increased by \$8.7 million to reflect higher taxable values than expected. Direct Interfund revenues increased by \$1.4 million to reflect increased Interfund Fire Protection Services at the airports. Miscellaneous/Other revenue has increased by \$4.1 million to reflect a refund for over-charging payroll expense in prior years from the Payroll Revolving Fund. Sale of Capital Assets increased by \$14.6 million to reflect the sale of the Juvenile Detention Center.

The major differences between the Controller's and Finance's revenue projection (greater than \$1 million) are in five (5) categories:

- (1) Property tax is lower by \$1.2 million to reflect the use of a lower collection rate.
- (2) Sales tax is \$5.8 million lower, as the Controller's Office is using a lower growth rate for the remaining months.
- (3) Licenses and Permits are lower by \$1.2 million, as the Controller's Office is waiting on additional actual receipts.
- (4) Other Franchise Revenue is lower by \$1 million, due to a more conservative revenue estimate.
- (5) Municipal Courts Fines and Forfeits are lower by \$1.6 million, as the Controller's Office is waiting on additional receipts.

**Mayor Sylvester Turner  
City Council Members  
March Monthly Financial Report**

Expenditure projections increased by \$13.6 million from the February report, primarily due to 1) a \$31 million increase in Fire to reflect the Proposition B Firefighter's pay increase; 2) a \$4.2 million increase in electricity costs in various departments; 3) an \$8 million decrease in personnel costs due to vacancies in various departments; 4) a \$13.7 million decrease in General Government to reflect a transfer to Fire for the Proposition B firefighter's contingency, lower Health Benefits charged to Departments, and transfers to the Disaster Recovery Fund related to the Memorial Day Flood. This is \$14 million higher than the Adopted Budget.

**ENTERPRISE FUNDS**

In the Aviation Operating Fund, revenues increased by \$2.1 million mainly due to higher than anticipated garage parking revenue and retail concessions. Operating Expenses increased by \$2.6 million primarily due to higher than anticipated Fire Protection Services at the airports and increased insurance premiums. As a result, Operating Transfers decreased by \$423,000.

There were no changes in the Combined Utility System Operating Fund, the Convention & Entertainment Operating Fund, the Storm Water Fund, or the Dedicated Drainage & Street Renewal Fund.

**COMMERCIAL PAPER AND BONDS**

The City's practice has been to maintain no more than 20% of the total outstanding debt for each type of debt in a variable rate structure. As of March 31, 2019, the ratio of unhedged variable rate debt for each type of outstanding debt was:

General Obligation	3.54%
Combined Utility System	1.86%
Aviation	4.57%
Convention and Entertainment	22.25%

Respectfully submitted,

**City of Houston, Texas**  
**Quarterly Swap Agreements Disclosure**  
**March 31, 2019**

**Combined Utility System Swaps**

**General Terms:**

Objective. The objective of the swaps is to hedge against the potential of rising interest rates associated with the Bonds and to achieve a lower fixed rate than the market rate for traditional fixed rate debt at time of issuance.

Credit risk. As of this date, the City was not exposed to credit risk because the swaps had a negative fair value. However, should interest rates change and the fair value of the swaps become positive, the City would be exposed to credit risk on the swaps in the amount of its fair value. If a counterparty's credit rating falls below rating thresholds established by the agreements, collateral must be posted in varying amounts depending on the credit rating and swap fair value. No collateral has been required to date.

Basis risk. The City will be exposed to basis risk on the swap because the variable payment received is based on a taxable index other than the tax-exempt SIFMA based rate paid by the City on the bonds. In the future, if tax-exempt rates move to convergence with the taxable LIBOR index (because of reductions in tax rates, for example), the expected cost savings may not be realized, resulting in a higher synthetic rate.

Termination risk. The City may terminate for any reason. A counterparty may terminate a swap if the City fails to perform under the terms of the contract. The City's ongoing payment obligations under the swap (and to a limited extent, its termination payment obligations) are insured, and counterparties cannot terminate so long as the insurer does not fail to perform. If a swap is terminated, the associated variable-rate bonds would no longer carry synthetic fixed interest rates. Also, if at the time of the termination the swap has a negative fair value, the City would be liable to the counterparty for a payment equal to the swap's fair value.

Remarketing risk. The City faces a risk that the remarketing agent will not be able to sell the variable rate demand bonds at a competitive rate each week.

**A. Combined Utility System Synthetic Fixed Rate Swap**

On September 10, 2004, the City entered into three pay-fixed, receive-variable rate swap agreements ("the 2004B Swaps") related to the Combined Utility System 2004B auction rate variable interest bonds ("the 2004B Bonds"). The City pre-qualified six firms to submit competitive bids on the swaps. The three firms selected all matched the lowest fixed rate bid of 3.78%. As of August 15, 2012, the City had converted all the 2004B bonds from auction rate to variable rate demand bonds ("the 2004B bonds") and SIFMA-Index notes ("the 2012A and 2012B Refunding Bonds"), collectively referred to herein as the "Bonds." On June 1, 2017, the City remarketed the 2012B Bonds changing the index from SIFMA-Index to 70% of One-Month US Dollar Libor plus 48.5 basis points. On June 27, 2018, due to tax reform, the City remarketed the 2012B Bonds to variable rate demand bonds.

Terms. The notional amounts of the swap agreements total \$653.3 million, the principal amount of the associated Bonds. The City's swap agreements contain scheduled reductions to outstanding notional amounts that follow anticipated payments of principal of the Bonds in varying amounts during the years 2028 to 2034.

Under the terms of the swaps, the City will pay a fixed rate of 3.78% and receive a floating rate equal to 57.6% of One-Month US Dollar LIBOR plus 37 basis points. All agreements were effective September 10, 2004 - the original date of issuance of the Bonds. The termination date is May 15, 2034.

On November 15, 2018, the City amended the floating rate received to 58.55% of the ten-year USD-CMS rate.

On November 7, 2016, UBS AG novated \$150,000,000 notional amount to Wells Fargo Bank, N.A.

Receipts and Payments. For the nine months ended March 31, 2019, the City received \$8,359,792 in swap revenue for these swaps and paid \$7,382,568 of interest on the underlying securities. The contractual rate for the City's swap payment is 3.78%. The average effective rate for the 2004B bonds, including interest for the Series 2004B bonds, the City's swap payments, and its dealer and liquidity fees, reduced by swap receipts, was 4.17%. In contrast, the comparable fixed rate the City paid on its Combined Utility System Series 2004A bonds was 5.08%.

Fair value. Because interest rates have changed, the swaps had an estimated negative fair value of \$160 million on March 31, 2019. This value was calculated using the zero-coupon method.

Counterparty	Notional Amount	Fair Value	Counterparty Credit Rating (Moody's/S&P/Fitch)
Goldman Sachs Capital Markets Inc.	\$ 353,325,000	\$ (86,176,159)	NR /A+ /A+
JP Morgan Chase	150,000,000	(36,585,081)	Aa3/ A+/AA-
Wells Fargo	150,000,000	(37,117,631)	Aa2 /AA-/AA
	\$ 653,325,000	\$ (159,878,871)	

#### **B. Combined Utility System Forward Rate Lock/Synthetic Fixed Rate Swap**

On November 1, 2005, the City priced a floating to fixed interest rate exchange agreement swap with Royal Bank of Canada ("RBC") on a forward basis. The City pre-qualified eight firms to submit competitive bids, and RBC submitted the lowest bid of 3.761%. The addition of the SIFMA-Indexed Notes diversifies the System's variable rate debt portfolio. This swap was previously assigned to the 2008A variable rate demand bonds and the 2010B SIFMA Indexed Notes. Later, 2012C SIFMA Indexed Notes refunded 2010 SIFMA Indexed Notes. On August 1, 2016, the City refunded 2012C SIFMA Index Notes to CUS 2016C Libor Index. On August 1, 2018, the City refunded 2016C to CUS 2018C. The new rate on the note is calculated at 70% of One-Month US Dollar LIBOR plus 36 basis points.

Terms. The notional amount of the swap is \$249.1 million with the underlying bonds being the Series 2018C Notes. The swap agreement contains scheduled reductions to the outstanding notional amount during the years 2028 to 2034.

Under terms of the swap, the City pays a fixed rate of 3.761% and receives a floating rate equal to 70% of One-Month US Dollar LIBOR. The agreement became effective March 3, 2007, with a termination date of May 15, 2034. On September 19, 2015, Royal Bank of Canada (RBC) novated \$249,075,000 notional amount to Wells Fargo. On November 15, 2018, the City amended the floating rate received to 58.55% of the ten-year USD-CMS rate.

Receipts and Payments. For nine months ended March 31, 2019, the City received \$3,016,643 in swap revenue for its 2018C swap and paid \$3,717,079 on the underlying notes. The contractual rate for the City's swap payment is 3.761%. The average effective rate for the bonds, including the City's swap payments and a fixed component, reduced by swap receipts was 4.13%.

Fair value. Because interest rates have changed, the swap had an estimated negative fair value of \$61 million on March 31, 2019. This value was calculated using the zero-coupon method.

**Subject:** 9+3 Financial Report

Attached is the 9+3 Financial Report for the period ending March 31, 2019. Fiscal Year 2019 projections are based on nine months of actual results and three months of projections.

**General Fund**

Our revenue projection is \$59.1 million higher than the Adopted Budget and \$31.3 million higher than the 8+4 Report. The variance from prior month's projection is mainly due to:

- \$14.6 million increase in Sale of Capital Assets due to the sale of the Juvenile Detention Center,
- \$9.9 million increase in Property Taxes to reflect higher taxable value assessments and delinquent tax collections,
- \$4.7 million increase in Miscellaneous/Other to reflect prior year revenue adjustments,
- \$1.4 million increase in Direct Interfund Services to reflect increased cost for fire services to the Houston Airport System due to the implementation of Proposition B,
- \$481,000 increase in Municipal Courts Fines and Forfeits due to higher than anticipated moving violation receipts, and
- \$279,000 increase in Licenses and Permits due to higher administrative fees related to fire alarm permits.

Our expenditure projection is \$14 million higher than the Adopted Budget and \$13.6 million higher than the 8+4 Report. The variance from prior month's projection is primarily due to:

- \$31 million increase in Houston Fire Department to reflect pay adjustment due to the implementation of Proposition B,
- \$4.2 million increase in various departments to reflect higher electricity costs, offset by
- \$8 million decrease in various departments to reflect vacancy savings, and
- \$13.7 million decrease in General Government to reflect the transfer of budgeted compensation contingency to the Houston Fire Department, health benefits and long-term disability return due to excess fund balance reserve as a result of lower claims, offset by an increase in transfer to the Disaster Recovery Fund for the 2015 Memorial Day Flood.

Rows include Revenues (General Property Taxes, Industrial Assessments, etc.), Expenditures (Administration & Regulatory Affairs, City Council, etc.), and Fund Balances.

\*The total designation for the Budget Stabilization Fund is approximately \$867 thousand. \$20 million was transferred to the Disaster Recovery Fund.

\*\*A negative number in the Controllor or Finance projections represents a gap between sources and uses of funds that was not included in the adopted budget. If this gap was not addressed by decreasing uses or increasing the sources of funds, it would require a drawdown of fund balance in order to balance the budget. A positive number represents a projected increase in fund balance.

\*\*\*According to the financial policies, Ordinance 2014-1078, the City is required to maintain an ending fund balance equal to 7.5% of expenditures less Debt Service and Pay-As-You-Go (PAYGO) which is \$157,784 based on current projections. The City will be \$116,826 above 7.5% based on the Controllor's Projections for FY2019.

† Indicates projection exceeds 5% or \$5M of budget expenditures or projected revenues are 5% or \$5M less than current budget.

\*\*\*\*Total may reflect slight variances due to rounding.

**CDBG Disaster Recovery - Activity Summary for the Month**

- 12,625 survey responses received from residents within the city limits and not in floodways. Continue to process additional surveys
- 5,468 potential Homeowners Assistance Program (HoAP) participants identified with 1,154 in Priority 1 and 2
- 2 HoAP projects have been tentatively approved (Total reimbursement Amount expected: \$24k)
- Call center averaging 260 calls per day
- Housing Resource Center hours have been reduced due to low traffic

**Notes:**

- <sup>1</sup> The current fiscal year inflow projections are based on the assumption that expenses incurred to date will be submitted as a draw-down and reimbursed by GLO in the current fiscal year.
- <sup>2</sup> The current fiscal year inflow projections (for HoAP) are based on the current volume of two (2) applications tentatively approved by GLO
- <sup>3</sup> Cash Outflows are funded using pooled cash in Fund 5030 until such time that GLO reimburses the expenditures.
- <sup>4</sup> Fund 5030 represents all pass-through state funding to the city.  
Prior to award of the DR grant, expenses were funded through Fund 5000. Fund 5000 is a direct allocation from federal funding to the city, this fund is not expected to be used against future CDBG expenses.
- <sup>5</sup> This analysis tracks inflows and outflows based on entries in SAP, reconciliations between funds are not presented here.
- <sup>6</sup> Total projections are based on overall CDBG DR-Harvey program budget and duration of contract with GLO.
- <sup>7</sup> Planning and Housing Administration lines reflect overall project management costs. Individual program-specific costs also include project delivery costs that are specific to each program.
- <sup>8</sup> In addition to Planning, and Housing Administration, only Activity Delivery Costs (ADC) have been expended to date on the CDBG-DR subprograms presented.
- <sup>9</sup> The contract between State of Texas GLO and City of Houston for CDBG-DR funding was signed on 01/04/2019; hence, this report only captures cash flows starting 01/04/2019.
- <sup>10</sup> There are additional funds of \$100M that are pending approval by GLO. This would bring the total program budget to \$1.276B.
- <sup>12</sup> Since CDBG-DR program does not have a cost share as opposed to the PA program, it is being excluded from this report.

**About the Fund:**

The Health Benefits Fund, an Internal Service Fund administered by the Human Resources Department, was established in 1984 to centralize the financial transactions for the City's benefit plans.

Effective May 1, 2011, the City elected to be substantially self-insured and awarded CIGNA a three year contract with two (2) one-year renewal options for 4 new health plans. The new health benefits model is composed of four (4) plans, all of which have heavy emphasis on a wellness component, and includes; 1) a limited network HMO-type plan, 2) an open access PPO-type plan with no out-of-network coverage, 3) a consumer driven high deductible Health Plan (CDHP), partnered with a health reimbursement account, and 4) a specific plan for retirees, mostly those under age 65, who live outside the limited network service area but who live in Texas. Effective 08/01/11 all 65+ Medicare eligible retirees must enroll in the 6 MA plans or opt out. These plans are supported by contributions from the city and participants.

The Fund also includes a vision plan, two dental plans, a dental/health maintenance organization (DHMO) and a dental indemnity plan. All three plans are supported exclusively by participants.
