Cohen, Wanda Adams, Mike Sullivan, Al Hoang, Oliver Pennington, Edward Gonzalez, James G. Rodriguez, Mike Laster, Larry V. Green, Stephen C. Costello, Andrew C. Burks, Jr., Melissa Noriega, C. O. At 1:44 p.m. Mayor Pro Tem Gonzalez called the meeting to order and stated that today Council Member Davis had a presentation and Council Member Davis invited those present with his presentation to the podium and stated that it was a privilege to recognize the work of Elves & More; that for over 10 years they were committed to the youth of Houston, it was a nonprofit agency dedicated to changing lives one bike at a time; that they collaborated closely with school administrators for children's achievement for a bike and they must attend school regularly, behave well, etc.; and Mayor Parker stated that a gift of a bicycle was an opportunity to explore the world and to some youth a way to and from a job and school; and presented a Proclamation to representatives of Elves & More and proclaimed today as "Elves & More Day" in Houston, Texas; and thanked all for their service. A Representative of Elves & More stated that they believed every child should be given a chance and they write contracts with children for academic improvement, meaning a child with an F may improve to a D, etc., that a bicycle was a way for a child to know accomplishment and they would continue to ensure it; and thanked all for the recognition. Council Members Davis, Sullivan, Pennington and Green absent. Mayor Pro Tem Gonzalez presiding.

Mayor Pro Tem Gonzalez thanked all for their efforts in the community, and stated they were worthwhile and great in making Houston great. Council Members Davis, Sullivan, Pennington and Green absent. Mayor Pro Tem Gonzalez presiding.

At 1:53 p.m. Mayor Pro Tem Gonzalez stated as Mayor Parker made her way to the Council Table he would call on Council Member Brown for prayer and pledge. Council Member Brown invited Father Waldemar Matusiak with Our Lady of Czestochowa Polish Catholic Church to lead all in the prayer and Council Member Brown led all in the pledge. Council Members Davis, Sullivan, Pennington and Rodriguez absent.

At 1:56 p.m. the City Secretary called the roll. Council Members Sullivan, Pennington and Rodriguez absent.

Council Members Gonzalez and Bradford moved that the minutes of the preceding meeting be adopted. All voting aye. Nays none. Council Members Sullivan, Pennington and Rodriguez absent. MOTION ADOPTED.

Mayor Parker stated that in sharing good news Houston was named the top city in US economy and among cities worldwide and today they had a shout out in Garden and Gun a magazine with a nice article on the city which she would share. Council Members Sullivan, Pennington and Rodriguez absent.

At 1:57 p.m. the City Secretary began calling the public. Council Members Sullivan, Pennington and Rodriguez absent.

Mr. Paul Kubosh, 1619 Lubbock, Houston, Texas 77007 (713-222-0880) appeared and stated that he was speaking on the settlement of the red light camera lawsuit; that they had filed a motion to intervene in the lawsuit and protect the vote; that the Charter Amendment was

thrown out by Judge Hughes and the Fifth Circuit ruled today the way the City had conducted the defense of the Proposition III caused them to conclude the interveners interest may be inadequately represented and they as valid organizers could come back into the lawsuit and defend the election; that they could give ATS any amount they wanted, but in 2006 he and Mr. Kallinen were here with a different Mayor and Council and spoke against cameras and what they voted on was a Charter Amendment and that could only be removed by another vote of the citizens, just because the cameras were removed did not protect them in 2020 when this Administration was gone against them coming back; that the only way they would leave from this was to have the City Charter amended and stop all future Mayors and Councils from putting cameras back up without a public vote; and urged they have Mr. Feldman stop fighting them. Council Members Adams, Sullivan, Pennington and Rodriguez absent.

Council Member Hoang stated that Mr. Kubosh and his associates were representing citizens zealously and thanked him for his service; and upon questions, Mr. Kubosh stated that as long as the Charter was not amended he was not happy with anything; that they were told they could intervene and the case would not be dismissed with a settlement as they were still interveners and they would still fight Proposition III for citizens; that the Fifth Circuit brought them back in and the Council had to deal with the fact the voters were back in the lawsuit and their goal was to have the Charter amended so no Administration could bring the cameras back without a vote of the people. Council Members Sullivan and Rodriguez absent.

Upon questions by Council Member Bradford, Mr. Kubosh stated that Judge Hughes said they could not show that the City did not adequately represent the citizens and they were not permitted as interveners in the action originally; that the action today of the Fifth Circuit made them a party to the action and ATS could sign off with the City but it would not resolve their claims; that the Charter amendment said the City should not issue notices or pursue claims on any notices of violation and it may be up to debate on how far back it went, but certainly if the Charter amendment was upheld they believed all tickets issued after the Mayor cut cameras back on could not be collected. Council Members Sullivan and Rodriguez absent.

Council Member Bradford moved the rules be suspended for the purpose of extending the time for questions of Mr. Paul Kubosh, seconded by Council Member Hoang. All voting aye. Nays none. Council Members Sullivan and Rodriguez absent. MOTION 2012-0040 ADOPTED.

Upon further questions of Council Member Bradford, Mr. Kubosh stated that it was his position the way it was drafted, collecting would be in violation of the Charter amendment; that he was not the attorney of record on the trial court, Mr. Furlow the next speaker was; and Council Member Bradford stated that he would retain questions for Mr. Furlow. Council Members Sullivan and Rodriguez absent.

Upon questions by Council Member Christie, Mayor Parker stated the cost of an election to reverse the City Charter depended on if it was a standalone election; and upon questions of the Mayor the City Secretary stated that it was probably a million and a half for a standalone election; and Mayor Parker stated that Mr. Kubosh litigated traffic tickets and she wanted to be clear he was not a party to a settlement with ATS; that Judge Hughes told the City to mediate the contract dispute and what Mr. Kubosh was trying to do, his appeal had to do with whether or not the Charter amendment was valid and Judge Hughes ruled it was not valid; that the City, however, decided to respect the will of the voters and dissolve the Red Light Camera Program whether or not the Charter amendment was valid; that he was litigating something completely separate from the item which would be before Council tomorrow. Council Members Adams, Sullivan and Rodriguez absent.

Upon questions by Council Member Gonzalez, Mr. Kubosh stated that the contract settlement with ATS and the Charter amendment were inescapably linked, however, because

he was so vocal he knew many Council Members did not know they had the interlocutory appeal and he had a duty to inform them they may settle, but it was not over as the intent was to amend the Charter. Council Members Adams, Sullivan, Hoang and Rodriguez absent.

Mr. David Furlow, 333 Clay, Houston, Texas 77005 (713-653-8653) appeared and stated that today a three judge panel of the United States Supreme Court led by Chief Justice Jones reversed and remanded Judge Hughes denial of the right of citizens who voted no to red light cameras in the Charter amendment election of November 2010; that at this point Kubosh representatives would be appearing in the case to represent all those who said no; that they were asking this Council to not give the city a blank check; that if they did not know of the appeal to the Fifth Circuit it was because the City Attorney intentionally kept them in the dark; that they were facing a request to pay millions to ATS and it did not deserve a dime; that they repeatedly made the argument that the City's contract with ATS was void because of the way ATS tried to renegotiate it in 2009 to get the better of the city and took the position it was an entirely different contract; that under the Texas Transportation Code Section 707003 they contend the contract was void and the City Attorney refused to make that argument because the Mayor wanted to revive the camera system, not to end it and the August 2011 resolution and ordinance Council passed enabled the city to prosecute or pursue collections against those getting tickets between July 24 and August 24, 2011, and everyone violated the Charter amendment vote and disregards the will of the voters; and urged all study the settlement agreement in detail and evaluate. Council Members Adams, Sullivan, Hoang and Rodriguez absent.

Mayor Parker stated that so many things were wrong with that statement she would not know where to begin. Council Members Adams, Sullivan, Hoang and Rodriguez absent.

Upon questions by Council Member Davis, Mr. Furlow stated that running a red light was illegal, but the red light camera system which operated increased rear-end accidents as opposed to side impacts; that a study showed the camera system made people less safe and the city did not put in more patrol cars and lengthen by one second the yellow light time was because they could not say no to the ten million received in revenue; that extending the yellow light by one second was easy and no cost and safer; and Council Member Davis stated that if the light was longer they would have more time to beat the light; and Mr. Furlow stated that he thought the same until he saw studies by the Virginia Department of Transportation and that was why they cancelled their camera system. Council Members Adams, Sullivan, Hoang and Rodriguez absent.

Upon questions by Council Member Green, Mr. Furlow stated that settlement with ATS being premature was one aspect of their position; that the people voting no now had a representative and they would like to argue the matters and if Judge Hughes disagreed he would take him to the Fifth Circuit again and to the U. S. Supreme Court if necessary to vindicate the right of the voters, that if part of it was settled and respected the Constitutional Charter amendment rights of the citizens of Houston under Article 15, Section 5 then they were happy to see the matter resolved, but ATS wanted a published decision by Judge Hughes saying citizens had no right to use the Charter Amendment Process to overturn ordinances more than 30 days old because it enabled them to tell citizens they had to shut up and pay up and they were asking Council to evaluate and not accept a blank check from the City Attorney. Council Members Adams, Sullivan and Rodriguez absent.

Council Member Bradford stated that he believed the red light camera technology was good and could be used for safe enhancement strategies; and moved the rules be suspended for the purpose of extending the time for questions of Mr. David Furlow, seconded by Council Member Costello. All voting aye. Nays none. Council Members Adams, Sullivan and Rodriguez absent. MOTION 2012-0041 ADOPTED.

Upon questions of Council Member Bradford, Mr. Furlow stated that he was involved in the litigations since they vindicated the right of citizens to use authenticated evidence in 2006 in an earlier red light camera case; that after the predecessor Council canvassed the vote and made the Charter amendment ordinance putting into effect the Proposition III election in 2010 no more tickets would be issued and no more monies from those tickets could be collected after that date, you could collect money on tickets prior to November 15, but not after and that included those issued between the time the Mayor turned them back on July 24 and turned them off August 24, but it would not impair the right of ATS to collect monies due before November 2010; that the Houston Chronicle had a calculation of up to twelve and a half million and his concern was there was a guaranteed by the City which could only be guaranteed with general revenue funds and if the city defaulted conceivably ATS could come back and revive the camera system because of the intentional default by the city; and Council Member Bradford stated that the article concluded \$3.3 million and his math came up with \$12.5 million. Council Members Adams, Sullivan and Rodriguez absent.

Mr. Randall Kallinen, 511 Broadway, Houston, Texas 77012 (713-320-3785) appeared and stated that he would not make money whether cameras went up or stayed down, but had a long history in the ACLU and other civil rights organizations with concerns of the people and many were here; that it was established cameras were dangerous by the City's own study and 20 to 30 jurisdictions which voted on the camera all voted them out, people did not like them; that a majority of people voted cameras out and voted this Council in, would they respect the vote on the camera or just for their election; that ATS did think this was worth \$12.5 million; that the ruling by the Fifth Circuit told all what five higher judges thought of Judge Hughes ruling, it was wrong; that the Fifth Circuit believed the election was good and they should not give up the money when it was needed. Council Members Sullivan and Rodriguez absent.

Council Member Christie stated that he insinuated this Mayor and Council might make their decision on politics only and he strongly disagreed with that. Council Members Sullivan and Rodriguez absent.

Mayor Parker stated that for the record the city had repealed their ordinance, it was not possible today to issue red light camera tickets and under state law it would require a whole series of public meetings and disclosure if they decided to do it in the future; that some future Mayor and Council may decide to, but she publicly pledged it would not happen on her watch and she at some point did get tired of having them come and say she was not telling the truth. Council Members Sullivan, Rodriguez and Christie absent.

Ms. Caravella Stephens, 3830 Pickfair, Houston, Texas 77026 (713-671-4120) appeared and stated that she was a fourth grade teacher with Isaacs Elementary and was present to thank all who saw the need for the After School Achievement Program, it was definitely needed and was helping achieve the goal of well-rounded children balancing extra curricular activities and studies and all wanted to be a part of ASAP and it did drive classroom performance. Council Members Sullivan, Rodriguez, Noriega and Christie absent.

Council Member Davis thanked Ms. Stephens for coming and stated that Isaacs Elementary was in his district; and thanked the Mayor for continuing the program. Council Members Sullivan, Rodriguez, Noriega and Christie absent.

Council Member Adams thanked Ms. Stephens for all she did at Isaacs; and stated that she was an alumni of Isaacs; that she was glad to meet one of the teachers and was proud they were a recipient of the program. Council Members Sullivan, Noriega and Christie absent.

Council Member Burks moved the rules be suspended for the purpose of hearing Ms.

Cynthia Pharms at the top of the three minute Non-Agenda Speakers List, seconded by Council Member Bradford. All voting aye. Nays none. Council Members Sullivan, Noriega and Christie absent. MOTION 2012-0042 ADOPTED.

Ms. Cynthia Pharms, 47007 Wenda #236, Houston, Texas 77033 (no phone) appeared and stated that she was concerned with the flood January 9, 2012, the issue was improper drainage; that MLK and Griggs were extremely flooded and the newly built elementary school flooded and children were frightened; that she had a series of questions and was glad to see Council Member Adams speaking of the new library, but she hoped that did not flood and wondered what provisions were made, how did citizens get on the drainage committee, etc. Council Members Sullivan, Hoang, Rodriguez, Burks and Noriega absent.

Council Member Adams thanked Ms. Pharms for being an advocate for the community and thanked all who volunteered January 9th helping youth, etc., and discussed the assessment and preventative maintenance such as looking at and clearing inlets, culverts repaired, etc., and hoped the next rain would flow and if not she would have questions. Council Members Sullivan, Hoang, Rodriguez, Burks and Noriega absent.

Mayor Parker stated that Council Member Adams raised the issue last week and had a series of townhall meetings, this was a failure of a culvert running under a railroad section. Council Members Sullivan, Hoang, Rodriguez, Burks and Noriega absent.

Council Member Adams moved the rules be suspended for the purpose of extending the time for questions of Ms. Cynthia Pharms, seconded by Council Member Davis. All voting aye. Nays none. Council Members Sullivan, Hoang, Rodriguez, Burks and Noriega absent. MOTION 2012-0043 ADOPTED.

Council Member Pennington stated that this was a Flood Control ditch and the City of Houston citizens were impacted and they were all working together, that culvert was repaired and Flood Control was working to improve conditions in the ditch and the City was going back through and clean out inlets making sure there was capacity; that no drainage fee money was being spent on Hike and Bike Trails, but federal hike and bike dollars. Council Members Sullivan, Hoang, Rodriguez, Burks and Noriega absent.

Council Member Pennington stated that he was on the Oversight Drainage Committee and rules for prioritizing projects were in progress and he was sure if this was not cured Council Member Adams would make sure it was on the list. Mayor Parker, Council Members Sullivan, Hoang, Rodriguez, Burks and Noriega absent. Mayor Pro Tem Gonzalez presiding.

northeast quadrant of Houston near Mesa/Tidwell area with three or four landfills and today he was present as there looked to be another landfill being constructed and it was unacceptable; odors were repulsive; that he called the City and was told they had nothing to do with deciding where landfills were built and the Harris County Pollution Control told him the Texas Commission on Environmental Quality decided or presided over permitting of landfills; that he was not sure whether this was to be a landfill, but he wondered how citizens, and how the city had no say. Mayor Parker, Council Members Brown, Sullivan, Hoang, Rodriguez, Burks and Noriega absent. Mayor Pro Tem Gonzalez presiding.

Upon questions by Council Member Davis, Mr. Norman stated that there should be studies to show tendencies such as Cancer, etc., near landfills; and Council Member Davis stated that he knew studies were done in District B and were still ongoing, from his understanding they did research and a landfill was not being started at Mesa, but they would continue to investigate and get information to him. Mayor Parker, Council Members Brown, Sullivan, Hoang, Rodriguez, Burks and Noriega absent. Mayor Pro Tem Gonzalez presiding.

Council Member Costello stated that there was a permitting process the State mandated through the TCEQ and it was public information so if indeed there was a site for a proposed landfill they had gone through the public hearing process and all environmental reports and if it was not on the TCEQ website then theoretically it was not a permitted landfill site. Mayor Parker, Council Members Brown, Sullivan, Hoang and Noriega absent. Mayor Pro Tem Gonzalez presiding.

Upon questions by Council Member Christie, Mayor Pro Tem Gonzales stated that this was the first they had heard about it, but Council Member Davis stated that his office, and perhaps anyone wanting to assist them, could look into it to make sure the proper review was being done; and Council Member Christie stated to Council Member Davis it seemed like a legitimate concern if he would follow up. Mayor Parker, Council Members Brown, Sullivan and Hoang absent. Mayor Pro Tem Gonzalez presiding.

Council Member Green stated that he too agreed the City should have say with regard where landfills came up, however, as Council Member Costello stated there was permitting and it needed to be posted and hearings conducted and if the process had not transpired that was where to begin; and finding out who the property owner was may be fruitful; that he asked a question as to whether the City had say to landfill placement and he would like the Legal Department to check. Mayor Parker, Council Members Brown, Adams, Sullivan, Rodriguez and Hoang absent. Mayor Pro Tem Gonzalez presiding.

Council Member Pennington moved the rules be suspended for the purpose of extending the time for questions of Mr. Kevin Norman, seconded by Council Member Bradford. All voting aye. Nays none. Council Member Green stated that if there was no legislation, he served on the Legislative Committee and it would be something he would like to move forward. Mayor Parker, Council Members Brown, Adams, Sullivan, Rodriguez, Hoang and Noriega absent. Mayor Pro Tem Gonzalez presiding.

Council Member Pennington stated that all applications were subject to opportunity for hearing and there was a procedure so if a permit was under consideration he could get a group and show they had proper interests and if they were recognized they could have a hearing. Mayor Parker, Council Members Brown, Adams, Rodriguez, Hoang and Noriega absent. Mayor Pro Tem Gonzalez presiding.

Mayor Pro Tem Gonzalez stated that there was a hearing process and there was oversight by TCEQ at the State level and many times Council Members could offer a letter of support; and Council Member Davis was on it and would follow-up with him. Council Members Brown, Davis, Adams, Rodriguez, Hoang, Noriega and Christie absent.

Ms. Alessandra Okaitland, 8405 Canyon, Houston, Texas 77051 (281-989-2895) appeared and stated that she was present with two issues; that she purchased a home in Sunnyside in December 2009 with the HOPE Home Program and it was a true blessing; that the first year was great, however last January their problems began and since she and her neighbor had a combined four home break-ins and three car break-ins with her most recent being January 2012 four months to the date of her last break-in; that it took 1-1/2 hours for officers to respond and her family was there seven minutes following the alarm; that this caused psychological damage to her three and four year olds wanting to know when the bad guys will be back for their toys; that Captain Jones stated the time was a bit long as it was usually 30 minutes to an hour for an alarm call so she wondered why did she pay for an alarm and permit if they would not show; that anything could have happened to her family; that she did not think she should have to stay in the house three to four more years as a part of the contract with HOPE due to the fact crime was not handled as promised; that she was involved and HPD did not seem to care and her insurance company said they would not cover her any longer; that the victims suffered and she did not feel safe and did not want to be back saying someone was injured or killed to get something done. Council Members Brown, Davis, Rodriguez, Hoang, Noriega and Christie absent.

Council Member Adams stated that she did apologize for all she had gone through; that the value of families like hers becoming homeowners was priceless and she would not make excuses, but with her appearance today she hoped she would get action in finding out where they were; and she was now asking Sergeant Baltazar, who was present to see where they were with this as no one should be fearful in their home; that Mr. Eichenbaum with Housing was present to find out about the contract as that was with the bank and she would do whatever she could in getting answers and if her office did not respond she took full responsibility for that and they were watching and knew what that meant and she would be down to find out why the response was not there. Council Members Brown, Davis, Rodriguez, Hoang, Noriega and Christie absent.

Council Member Burks stated that he lived in her area and whatever his office could do they would; that getting a security survey of her home would be in order and she needed to be involved in the community; that if the apartment complex across from her was causing the problem then there were things they could do; that being afraid and leaving the area may have them follow and an end needed to be put to this; that she was a taxpayer and needed to put an end to this, she was a citizen and she should stand and not tolerate it; that senior citizens were there and not running and the police free of charge would get her the security survey. Council Members Brown, Adams, Rodriguez, Hoang and Christie absent.

Mr. John Dryden, 4118 Garrott, Houston, Texas 77006 (281-685-3003) appeared and stated that he was present asking Council to rescind the habitability ordinance; that he found out about it when receiving a letter stating he needed to send \$125.00 to inspect his four-plex which he bought in 1976 and historically speaking four units and under had been considered residential and the problem was the habitability ordinance was passed as a reaction to two young boys who died in a dilapidated abandoned apartment complex when the stairwell fell; that the inspector said he needed a occupancy permit and that would be \$425.00; that electrical, plumbing, etc., came out and one example was he had a closet under the stairwell and they want him to sheetrock it because it was a fire hazard and they were there 35 years and few fires started in the closet in the hallway. Council Members Brown, Adams and Hoang absent.

Mayor Parker stated that as he indicated the habitability ordinance was on the books a few years now and the cutoff was four units; and Mr. Dryden stated that it had been reduced to three units and above; and Mayor Parker stated that he clearly fell in the bounds of the ordinance and it was designed to make sure those who lived in multifamily residences were safe; that if he would like to visit with Mr. Norman with Public Works he could walk him through the process and make sure all was properly explained; and Mr. Dryden stated what about single homes and duplexes; and Mayor Parker stated that Council Member Adams was very interested in extending this to single family homes and she had indicated she would allow her to take it to committee if she wished; and Mr. Dryden stated that he was pointing out if one was not safe neither was the other, but he did not believe it should be extended to them. Council Members Brown, Adams and Hoang absent.

Council Member Gonzalez stated that he thought it wise for the committee to get more information, he talked with constituents and there was lack of knowledge in the community and there were slumlords which needed to be addressed, but also those with rental property as retirement income; that with a large amount of inspections they ran the risk of vacating tenants and then they had no place to live and they just created more hardships; and upon questions, Mr. Dryden stated that he did not understand what he meant by did he know to register his property; and Mayor Parker stated that a register was kept of all multifamily or multi-tenant properties. Council Members Brown and Hoang absent.

Council Members Brown, Cohen, Sullivan, Hoang, Rodriguez, Burks and Noriega absent.

Upon questions by Council Member Davis, Mr. Johnson stated that his property was at 7114 Windemere, a rental property of his, HPD took his gun from there when they came to arrest him on the bogus case; and Mayor Parker stated that when they knew what people were coming to talk about they tried to distribute background information and she did not know if he had it in front of him, but his pistol was taken from him when he was arrested and the department was awaiting a court order to release the pistol because of the nature of the charges against him; and Council Member Davis thanked Mr. Johnson for his time. Council Members Cohen, Sullivan, Hoang, Gonzalez, Rodriguez and Noriega absent.

Council Member Bradford thanked Mr. Johnson for coming and stated that the procedures HPD utilized to release the property were pretty tight and in his case there was a question from the District Attorney's Office whether it should be released to him and until it was resolved the District Attorney took the position he needed a court order before the firearm would be released because conditions of the first protective order must be adhered to so it was just not HPD refusing to give him a piece of property back and that was standard procedure with weapons involved. Council Members Sullivan, Hoang, Gonzalez, Rodriguez and Noriega absent.

Mayor Parker stated that she wanted Council Member Davis to look for that information during public sessions as they tried to get it out as early as possible so Council Members would have some background. Council Members Sullivan, Hoang, Gonzalez, Rodriguez and Noriega absent.

consideration to Houstonians first. Council Members Pennington and Noriega absent.
