“Within 90 days, major thoroughfare projects funded by the Dedicated Drainage & Street Renewal Fund (DDSRF) shall be limited to a maximum of 40% of funds expended from the DDSRF.

Written motion by Council Member Davis to amend Item 42a as follows:

In order to establish a legal, but faster and more simplified method to quickly address minor neighborhood issues, this Amendment allocates $6,000,000.00 to establish a Council District Service Budget to be designated from the Dedicated Drainage Street Renewal Fund (DDSRF) METRO Project Construction Fund No. 4040. Each of the eleven District Council Members shall be allocated an equal amount from the $6,000,000.00 to be utilized by district council members based on neighborhood needs and constituents’ input in determining what money (from this specific allocation) would be spent on what issues, subject to approval by the Mayor. The Mayor’s consideration shall be finalized no later than 10 business days after a council member’s specific project proposal. If any District Council member does not accept or rejects their respective allocation, that portion shall be further divided on a pro rata basis among other supporting District Council Members.

Item 42 – continued

Motion 2014-0668 - Written motion by Council Member Davis to amend Item 42a as follows:

"Council Member Davis amendment 7.02 passed as part of the approved Fiscal Year 2015 operating budget states:

1. Funds in the Dedicated Drainage & Street Renewal Fund shall not be encumbered beyond what is contractually and or legally required to meet annual payments.
2. The Dedicated Drainage & Street Renewal Fund (DDSRF) Planned Ending Fund Balance shall be budgeted to exceed 10% of the DDSRF Budget.

The total budget for the DDSRF in the Fiscal Year 2015 approved budget is $281,366,173. Ten percent of DDSRF total budget is $28,136,617. The Fiscal Year 2015 Proposed Budget DDSRF Planned Ending Fund Balance was $59,483,173. This effectively frees up $31,346,556 (formerly held in Planned Ending Fund Balance) for transfer to capital projects.

To reflect this transfer, to remove negative contingency amounts in both the storm drainage and the street and traffic programs (which fully fund Fiscal Year 2015 projects), and to increase expenditures for street and drainage projects citywide in Fiscal Year 2015, we move to amend the Fiscal Year 2015-2019 Capital Improvement Plan as follows:

Of the now freed $31,346,556 from DDSRF Planned Ending Fund Balance: allocate $10,218,000 to Fiscal Year 2015 Storm Drainage Project: Contingencies (M-0000NA); allocate $1,498,000 to Fiscal Year 2015 Street and Traffic Project: Contingencies (N-0000NA); and allocate the remaining $9,630,556 to the following line items (distribution to be determined by Public Works and Engineering Department):

- M-420126 – Local Drainage Program (LDP): Location V
- N-321038 – Concrete Panel Replacement Program: Location V
- N-321039 –Roadway Surface Replacement Program: Location V

- Adopt

Motion 2014-0678 - Written motion by Council Member Martin to amend Item 42a as follows:

Amendment 1: Amend the Capital Improvement Plan to only include district specific projects. If a CIP project is for the benefit of the entire City of Houston, it shall not be designated to a specific district.

Example: All wastewater treatment facilities fall within District E, however they are serving the entire City of Houston but are “designated” under the CIP as District E projects. Within District B, the main BARC facility and mounted patrol are both designated to the district CIP, even though they are serving the entire City of Houston.

- Adopt

Written motion by Council Member Martin to amend Item 42a as follows:

Amendment 2: Designate $50,000 for Wilson Memorial Park pool improvements and eliminate the unsecured mote. Please note this amount is based on an estimate, no study or pre-design has been done to identify actual costs.

Motion 2014-0680 - Written motion by Council Member Martin to amend Item 42a as follows:

- $123,000 Design
- $16,000 Testing
- $41,000 Contingency
