Council Members Stardig, Davis, Cohen, Martin, Pennington, Laster and Christie absent.

Prince Charles stated climate changes were the cause because of the wars in the Mideast and North Africa and that someday President Obama stated that climate change was the number one National security threat; the real threat to the security was that President Obama remaining in office, although the conclusion of the conference would be volunteer cuts of carbon admissions which they know that it was not true, and continued to express her personal opinions relation to climate change. Mr. Joe Jennings, 8512 Ariel St., 77074, (832)643-5160 appeared and stated he wanted to begin by quoting President Barack Obama speaking in Johannesburg, South Africa in June of 2013; “Ultimately, if you think about all the youth that everybody has mentioned here in Africa, if everybody is raising living standards to the point where everybody has got a car and everybody has got air conditioning and everybody has got a big house, well, the planet will boil over”; in saying this, the President was not only pushing a despicable, racist put down to the African people who were hoping for better from the first U.S. African-American President, he was also pushing an anti-scientific hoax, concocted by the same Anglo-Saxon families who looted that continent for centuries; unfortunately, the United States, formerly the industrial-scientific power that should have led the world out of colonialism and enforced backwards after World War II and he encourages everyone to read the information that was given to them from the previous speaker.

The world’s population would be reduced to pre-industrial levels, instead of backing and supporting backward technologies like wind and solar, the City of Houston, the energy capital of the world with an abundance of recently laid off petroleum and nuclear engineers should work with Russia and China in promoting nuclear fission plants and crash program for the next ten years. HEARINGS - 9:00 A.M.
1. PUBLIC HEARING regarding the designation of a Tax Abatement Reinvestment Zone for UNITED PARCEL SERVICE, INC (UPS) - DISTRICT B – DAVIS- was presented, the City Secretary advised that no one had reserved time to speak.

Ms. Gwendolyn Tillotson, Deputy Director of Economic Development presented the following statement:

The public hearing this morning is to consider the establishment of a tax abatement reinvestment zone for United Parcel Service, Inc. Houston Texas, which is a requirement pursuant to Chapter 312.204 of the Texas Tax Code. The zone must be established prior to the adoption of an ordinance to enter into a tax abatement agreement. The statute further describes that the governing body may not adopt an ordinance designating an area as a reinvestment zone until a public hearing has been held. The public hearing was published in the Houston Chronicle on December 8, 2015.

Section 312.202 of the Tax Code defines the criteria for designating a tax abatement reinvestment zone, one of which is that the area be reasonably likely to attract major investment in the zone that would be a benefit to the land.

The request to Council is to designate an approximate 68 acre site located at 11802 North Gessner Road, Houston TX 77064, as the UPS Inc. and BT-OH LLC Houston Reinvestment Zone for tax abatement purposes ('Zone'). This action will enable city council to consider approval of a tax abatement agreement for UPS to support the investment of a new distribution facility development project.

United Parcel Service, Inc. is the world's largest package delivery company and a provider of supply chain management solutions. The company was named as one of the Most Admired Companies by Fortune Magazine in 2014 and one of America's Top Organizations for Multicultural Business Opportunities in 2013 (by Diversity.com). BT-OH LLC is a wholly owned subsidiary of UPS, Inc.

UPS is growing and as part of its growth strategy, is considering the expansion of its Houston-area hub operations that would accommodate excess package volume and projected growth at existing area facilities. The company is evaluating several communities in the Greater Houston area for the project. The cost factor will be the determinant for where the project will ultimately be located.

The company proposes to invest approximately $12M in land, $60M in building improvements and $71M in machinery and equipment. The distribution facility after completion will be 400,000 to 500,000 sf located at N. Gessner just south of Hwy 249. The project is expected to begin in 2nd quarter 2016 with a scheduled completion by 4th quarter 2017 and after completion will add at least 575 new jobs to Houston, which includes transfers from other cities.

UPS-BT LLC submitted a tax abatement application to the City on July 6, 2015 in consideration for an abatement of property taxes imposed on the new distribution facility. The abatement consideration is to allow Houston to compete favorably for the $142M investment in real and personal property and the 575 jobs. In a support letter for this project, Greater Houston Partnership states that “at a time when our local economy is experiencing contraction in several upstream and manufacturing sectors, this important project will help diversify our economy and provide new employment opportunities for more than 800 residents in our region.

The estimated tax abatement is $513,000 annually for a term not to exceed 10 years subject to the creation and retention of at least 575 full time equivalent positions. Failure to meet those job expectations could
result in the City’s recapture of all taxes previously abated. We have worked directly with the district
council member and presented this proposal to the Budget and Fiscal Affairs Committee on Dec. 15.

In conclusion, the office of economic development respectfully requests your support for a 10 year tax
abatement on property taxes generated by UPS. Given that this is the second to last council meeting for
2015, the ordinance to create the tax abatement zone and the agreement are items on today’s agenda for
council consideration.

Mayor Parker ask if there was anyone present to be heard for this hearing and Ms. Joetta
Stevenson, 2404 Caroline St., 77004 appeared and stated she was an active member of the
Texas Organizing Project and was present to discuss the proposal for the tax abatement
reinvestment zone for UPS; that it really was not clear why the proposal was listed for District B
because the facility that they were planning to build was on Gessner Road which would be in
District A but mostly she would like to focus on the jobs that UPS was projecting to bring with this
project, they were promising to bring approximately 600 jobs but that number includes transfers
and for city leaders they expect that Council would put forth the effort to get commitments out of
UPS; UPS needs to make a commitment to hire staff locally and to pay warehouse workers livable
wages, they can not afford to subsidize anymore poverty jobs or tax deals and TOPS does not
support this abatement as written and they urge Council to postpone until specific requirements
were added to ensure true community benefits. Council Members Davis, Cohen, Nguyen,
Pennington and Laster absent.

Mayor Parker stated that the correction that it was in District A and not in District B had been noted.
Council Members Davis, Cohen, Nguyen, Pennington and Laster absent.

Mayor Parker ask if there was anyone else who would like to address this issue to please come up
and state your name. Council Members Davis, Cohen, Nguyen, Pennington and Laster absent.

Jason Ford, no address, no phone, appeared and stated that this was a great opportunity for
this city especially when they were seeing employment contracts in certain sectors, they had been
working on this project for a number of months and he hoped that they move this project forward
very quickly and he would respectfully would request that the item would not get tagged and the
reason he requested this was that they were trying to make their corporate investment decision
and that this was competitive for capital with other locations and there were timing events that
need to occur in order for them to move this forward into the next time and he was in fear that if
this item was to get delayed, that they would look for other locations which the city would lose a
great opportunity. Council Members Davis, Nguyen, Pennington and Costello absent.

Mayor Pro Tem Gonzalez asked if there was anyone else who would like to speak in regarding to the
designation of a Tax Abatement Reinvestment Zone for **UNITED PARCEL SERVICE, INC (UPS)**
and seeing none requested a motion to close the public hearing.

Council Member Bradford moved to close the public hear in regarding the designation of a Tax
Abatement Reinvestment Zone for **UNITED PARCEL SERVICE, INC (UPS)** and seconded by
Council Member Robinson, all voting aye, nays none. Mayor Parker, Council Members Davis,
Pennington and Costello absent. Mayor Pro Tem Gonzalez presiding. **MOTION 2015-0883**

2. PUBLIC HEARING regarding the termination of a Tax Abatement Reinvestment Zone for BRECKENRIDGE GROUP HOUSTON TEXAS, LP. - DISTRICT I – GALLEGOS was presented and the City Secretary advised that no one had reserved time to speak on this public hearing.

The Office of Economic Development, Mr. Ketan Inamdar made the following statement:

The public hearing this morning is to consider the termination of the Aspen Heights, Houston Reinvestment Zone related to the tax abatement agreement between the City and Breckenridge Group Houston (“Aspen Heights”) Texas, LP.

Pursuant to Section 312.204 of the Texas Tax Code, a municipality may enter into a tax abatement agreement in writing with the owner of real property that is located within a reinvestment zone. Section 312.202 of the Texas Tax Code defines the criteria for designating a tax abatement reinvestment zone, one of which is that the area be reasonable likely to attract major investment in the zone that would be a benefit to the land.

The Aspen Heights, Houston Reinvestment Zone (the “Zone”) was designated by City Council on May 28, 2014 by Ordinance 2014-0478 as required by Chapter 312 of the Texas Tax Code to encourage the development of student housing development near the intersection of Interstate 45 and Cullen Blvd. Subsequent to the City’s approval of the designation of the Zone, Breckenridge was unable to secure the resources to finalize the land purchase and construct the project. The developer cancelled the plan to develop the site and invest in the project. Therefore, the Zone must be terminated since Aspen Heights does not own and will not own the property for which taxes were to be abated and subject to the agreement.

The Agreement and all rights and obligations of the City and Aspen Heights shall cease and terminate as of May 28, 2014, the date upon which City Council approved the tax abatement agreement and designated the Zone, and Aspen Heights shall not be entitled to any tax abatement as provided in the Agreement.

In conclusion, the office of economic development respectfully requests your support for a termination of the Aspen Heights Zone, Houston Texas.

Mayor Parker asked if there was anyone who would like to speak in regarding the termination of a Tax Abatement Reinvestment Zone for BRECKENRIDGE GROUP HOUSTON TEXAS, LP and seeing none, requested a motion to close the public hearing.

Council Member Costello moved to close the public hearing and seconded by Council Member Stardig, all voting aye, nays none. Council Members Davis and Cohen absent. MOTION 2015-0884 ADOPTED
