

# HPD Data Center Relocation TTI Presentation

**Date: February 4, 2021**

**Mike Bell, HPD CTO**

# Background Info

---

- **December, 2011** – COH/HPD enters into lease for Data Center services at Fannin location.
  - Term for 120 months (10 years)
  - Commencement in April, 2012
- **May, 2013** – COH enters into lease for Data Center services at Cyrus-1 location, HPD currently uses for secondary disaster recovery site
- HPD initially leased over 5000sq ft at Fannin however with convergence of servers the footprint has been drastically reduced
- The Fannin Data Center contract required HPD to notify landlord between 12-18 months of contract end on intent to extend contract. HPD has elected not to extend beyond April, 2022.

# Future Data Center plans - HPD

---

- HPD will move into Cyrus-1 as a primary data center facility we will coordinate with HITS on disaster recovery needs.
- HPD is planning to leverage Cloud Services for disaster recovery capabilities:
  - Cloud DR offers cost effective solutions
  - Some studies show over 300% ROI for 5yr period
  - Reduce investment in on premise hardware

---

# **NEXT STEP**

---

**Council Action next week seeking appropriation of \$1,000,000.00 in CIP funding for move costs.**

---
