

Nottingham/Kirkwood RECONSTRUCTION PROJECT

Nottingham/Kirkwood CIP Number: M-00247

This Capital Improvement Plan project provides storm water drainage and paving improvements to reduce the potential for structural flooding in the Nottingham/Kirkwood neighborhood. The reconstruction will include wider street lanes, bike lanes, and sidewalks. Wastewater and water utilities will be updated as necessary. All work will be done within the existing right-of-way.

	TREE TO BE REMOVED		NEW MEDIAN		Replaced signal
	EXISTING MEDIAN		PAVEMENT		

Nottingham/Kirkwood RECONSTRUCTION PROJECT

Nottingham/Kirkwood CIP Number: M-00247

The reconstruction of Kirkwood includes:

- Increasing the lane width from 10' to 11' - adding dedicated left turn lanes
- Widening the on-street bike lane from 4' to 5' with a 3' painted buffer. (To achieve this, the median will be decreased in width from 31' to 19')
- Sidewalks will be widened from 4' to 5'
- Underground storm sewer will be added and upsized
- Roadway will be reconstructed
- Waterline and sanitary sewer will be replaced as needed

KIRKWOOD NORTH OF MEMORIAL

The reconstruction of Woodthorpe includes:

- Reconstruction of the roadway, maintaining existing 27' width
- Underground storm sewer will be added
- Waterline and sanitary sewer will be replaced as needed

ABOUT REBUILD HOUSTON: Approved by voters in 2010, ReBuild Houston is the City's innovative program managed by the Department of Public Works & Engineering. Its mission is simple — to reduce flooding and improve mobility and quality of life throughout the city. Its fiscally responsible approach (pay-as-you-go) is to pay off old debt each year and use the remaining funds to reconstruct our streets and drainage. To make the most out of available revenue, reconstructing streets and drainage systems are completed in areas of the city that have the greatest need, and where reconstructing the old infrastructure will have the greatest benefit to the community. Rebuild Houston makes the most of every dollar spent to build better streets, better drainage and a better future.
