	EXISTING MEDIAN		PAVEMENT		

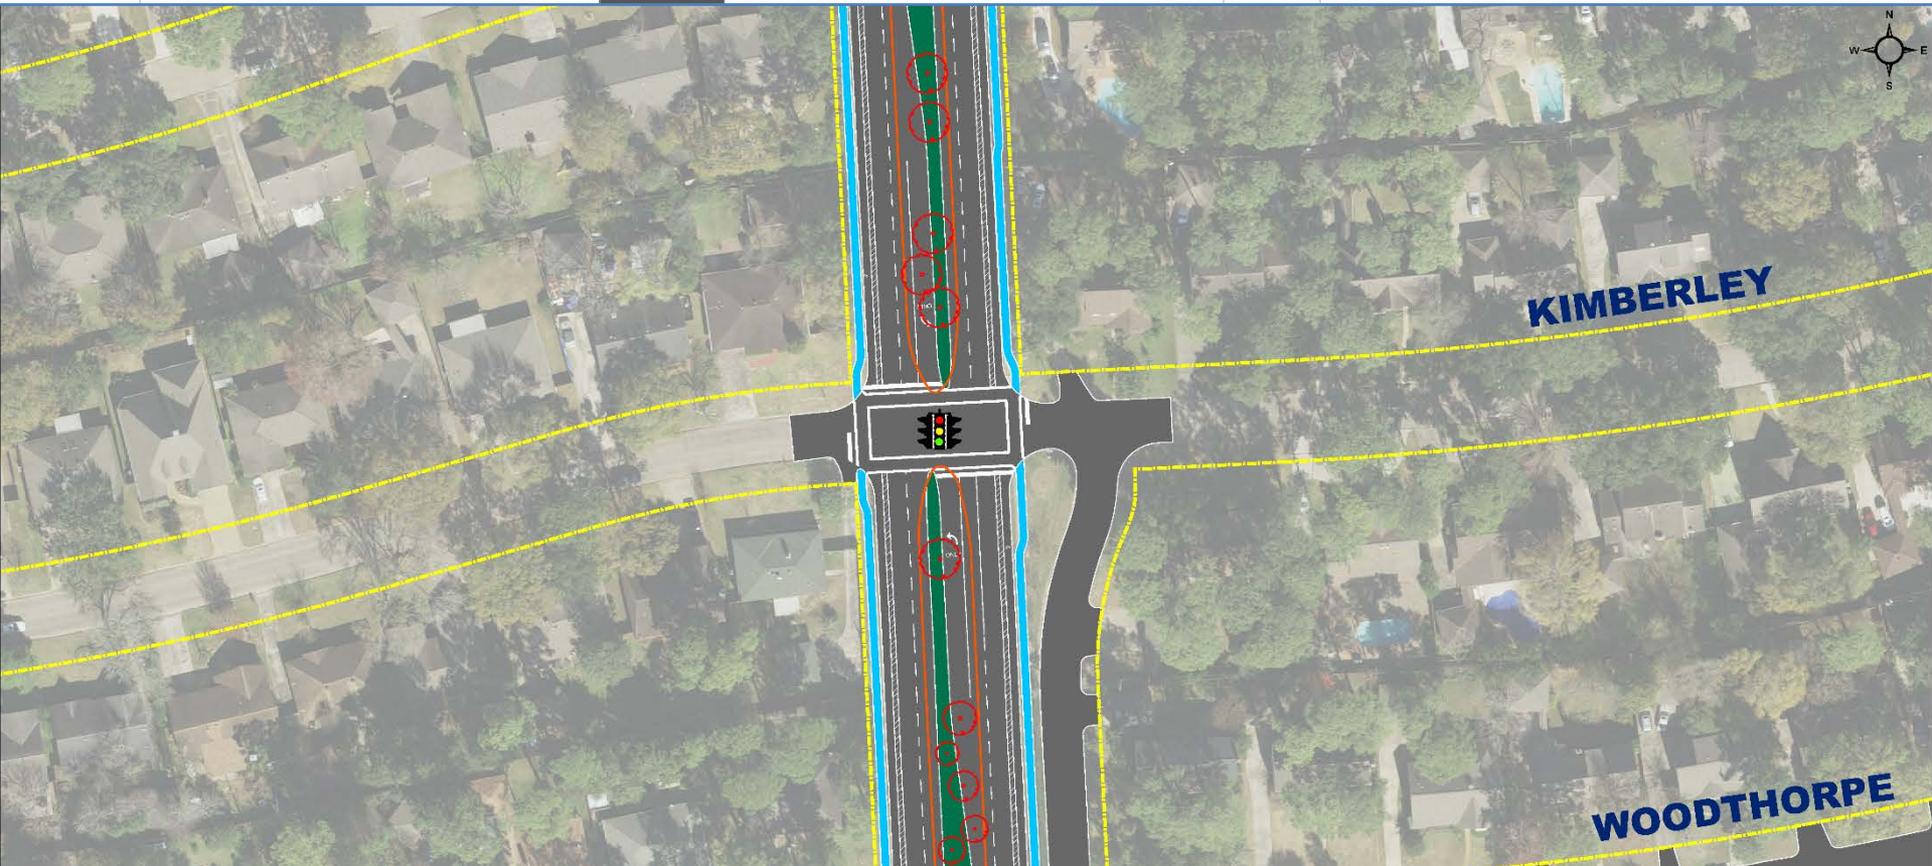

Nottingham/Kirkwood Area Reconstruction

Proposed Cross Section: Kirkwood North of Memorial

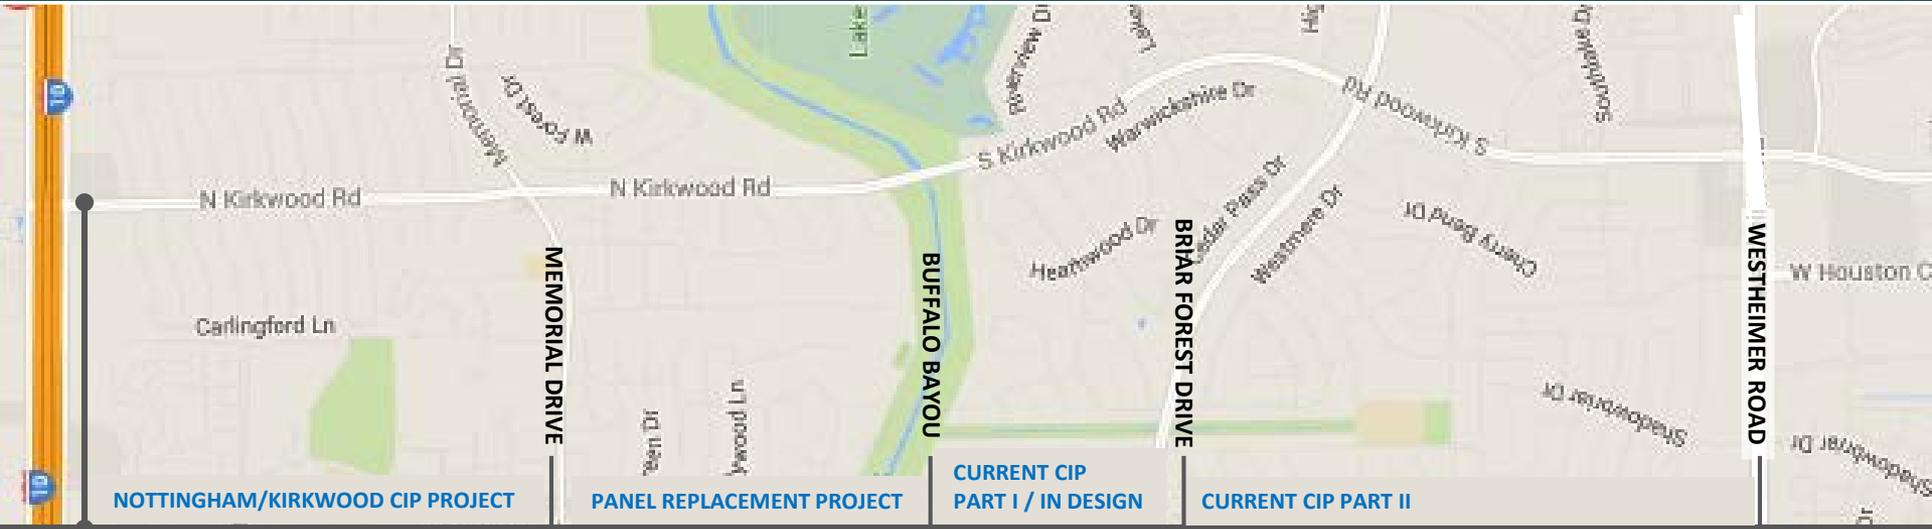

Nottingham/Kirkwood Area Reconstruction

Proposed Cross Section: Woodthorpe from Carlingford to West Forest

Nottingham/Kirkwood Area Reconstruction

Improvements to Existing Bike Lanes

KIRKWOOD ROAD

- Existing bike lane is 2' in width and considered substandard
- Increase comfort level by introducing a 5' bike lane and a 3' buffer
- Striped/painted bike lane and buffer allows for street sweeping and maintenance
- Striped/painted bike lane and buffer allows for street sweeping and maintenance

- Substandard facilities are not considered safe, and will not be restriped along portions of the corridor not programmed with the CIP project we are discussing today. *To learn more, please visit the [Houston Bike Plan](#).*
- When funding is received, PWE will need to move the curb in this area to update the bike facility

- 6' bike lane or 5' bike lane with a 2' painted buffer

- 6' bike lane or 5' bike lane with a 2' painted buffer

Nottingham/Kirkwood Area Summary

Improve storm drainage

Improve water and wastewater as needed

Improve pavement conditions and mobility

Sidewalks and ramps to meet ADA Standards

Improve existing bike lanes

Next Steps: Nottingham/Kirkwood Area – Phase I

ReBuild Houston Goals

Reduce impact of flooding

Improve mobility

Quality of life
