2 – SCOPE OF SERVICES

2.1 PROJECT DESCRIPTION

Project Name: New Sunnyside Multi-Service Center and Health Center
Location: Sunnyside Park, Houston, TX 77051
Estimated Project Budget: **\$ 24,915,000.00**

This project will combine the existing Sunnyside Multi-Service Center (MSC) and the existing Sunnyside Health Center (HC) operations into a single new facility to be located on the Sunnyside Park property. Multi-Service Centers manage various programs including senior citizen community programs, and child care (day care). Similarly, Health Centers dispense health care, including disease prevention and care, dental care, nutritional care, family planning, immunizations, and WIC programs.

The New Sunnyside MSC-HC program development will take into consideration innovative concepts in health care management and services. Unique conditions make an ideal environment for redesigning traditional health care models, fostering and improving health in the Sunnyside Park area community. The design team will be sensitive to the local community's health-related needs and vision.

A key component to the success of the New Sunnyside MSC-HC project is to address and refresh the Sunnyside Park Masterplan multi-use development. The new facility is projected to be a 60,000 square feet, multi-story building. The project will specify cutting-edge building technologies for structures, building envelope, mechanical, electrical, plumbing, data-com, and building finishes. In addition, the project will allow for additional parking, detention modifications, landscaping and irrigation, and site elements.

Finally, the existing Sunnyside MSC and HC facilities located at Wilmington and Cullen streets will remain operational during the development of the new facility in order to provide a seamless transition for the community services.

2.2 PROPOSED PROJECT SCHEDULE

For planning purposes, the anticipated timeline for the project is:

Design Services Procurement	09/06/2016 – 02/03/2017
Design Phase	02/10/2017 – 02/09/2018
Construction Administration	08/08/2018 – 03/25/2020

The City will provide the Architect bidding requirements, sample forms and conditions of the construction contract for Architect's inclusion in the Project manual. Specifications shall define the general requirements for the Project, written descriptions of the technical nature of materials, equipment, construction systems, standards and workmanship. The Architect shall not include in either the general requirements or in other technical specification sections requirements

that conflict with the bidding requirements, sample forms and conditions of the construction contract provided by the City. Dollar allowances shall not be used in the Project manual.

.3 To the extent practicable for each item that requires a specific designation, the Architect shall specify the products of at least three manufacturers of each material and manufactured item acceptable for use in the Project.

.4 The specifications shall also provide means by which the successful bidder can submit for approval products other than those specified which it considers equivalent to those specified in quality, including durability, serviceability, design, appearance, function, finish, performance, size and weight. The Architect shall advise the Director as to whether or not products other than those listed in the specifications are equivalent to the products listed.

1.4 **PHASE III: CONSTRUCTION SERVICES**

1.4.1 The Architect shall proceed with the Phase III Construction Services upon receipt of the Director's written authorization to proceed.

1.4.2 Unless otherwise provided in this Contract, the Architect shall provide limited administration of the construction contract as set forth below.

1.4.3 The Architect shall be a consultant of the City during Phase III Construction Services, and shall advise and consult with the City. Instructions to the Contractor by the City shall also be sent to the Architect. The Architect shall have authority to act on behalf of the City only to the extent provided in this Contract.

1.4.4 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise agreed in writing by the City and the Architect, to become generally familiar with the progress and quality of the work and to determine, in general, if the work is proceeding in a manner indicating that the work when completed will be in accordance with the Contract Documents. The Architect shall furnish to the Director written reports of its on-site observations regarding the progress and quality of the work. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the work. On the basis of such on-site observations, the Architect shall keep the Director informed of the progress and quality of the work, and shall notify the Director immediately in writing, of any defects and deficiencies in the Contractor's work and work that is not performed in accordance with Contract Documents.

1.4.5 The Architect shall not have control or charge of and shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the work, which are solely the Contractor's responsibility under the construction contract. Except as otherwise provided herein, the Architect shall not be responsible for the Contractor's schedules or failure to carry out the work in accordance with the Contract Documents. Except as otherwise provided herein, the Architect shall not have control over or charge of acts or omissions of the Contractor, the Contractor's subcontractors, or the Contractor's agents or employees, or of any other persons performing any portions of the work.

1.4.6 The Architect shall at all times have access to the work wherever it is in preparation or progress.

1.4.7 The Architect shall attend conferences at the Project site with the Director and such others as the Director may designate, to assist the City in the administration of the Contract.

1.4.9 The Architect's approval of the Contractor's application for payment shall constitute the Architect's representation to the City that based upon the Architect's on-site observations as provided in Section 1.4.5 and upon the data comprising the Contractor's application for payment, that the work has progressed to the point indicated; and that, to the best of the Architect's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent test required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to specific qualifications expressed by the Architect. The Architect's approval of the Contractor's application for payment shall further constitute a representation that the Contractor is entitled to payment in the amount certified. However, the Architect's approval of the Contractor's application for payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the work, (2) reviewed copies of requisitions received from subcontractors and material suppliers and other data requested by the City to substantiate the Contractor's right to payment or (3) ascertained how or for what purpose the Contractor has used

money previously paid pursuant to the Contract.

1.4.10 The Architect shall interpret the requirements of the Contract Documents. The Architect shall render interpretations necessary for the proper execution or progress of the work to the Director with reasonable promptness upon written request of either the Director or the Contractor; and, if requested by the Director, shall render written advice to the Director within a reasonable time, on all claims, disputes and other matters in question between the City and the Contractor relating to the execution or progress of the work or interpretation of the Contract Documents.

1.4.11 Interpretations and advice of the Architect shall be consistent with the intent of, be reasonably inferable from the Contract Documents, and shall be in written or graphic form. When making such interpretations and giving such advice, the Architect shall not show partiality to either City or the Contractor and shall not be liable for the result of any interpretation or advice so rendered in good faith.

1.4.12 The Architect shall recommend to the Director to reject work which does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable for the implementation of the intent of the Contract Documents, the Architect shall recommend to the Director, to require special inspection or testing of the work in accordance with the provisions of the Contract Documents, whether or not such work be then fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Contractor's subcontractors, material and equipment suppliers, their agents or employees or other persons performing portions of the work.

1.4.13 The Architect shall review and recommend approval to the Director or take other appropriate action upon Contractor's submittals such as shop drawings, product data and samples, but only for the limited purpose of checking for conformance information given and the design concept expressed in the Contract Documents. The Architect's action shall be taken with such reasonable promptness as to cause no delay in the construction of the Project by the City or by separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities or for substantiating instructions for installation or performance of equipment or systems designed by the Contractor, all of which remain the responsibility of the Contractor to the extent required by the Contract Documents. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component. When professional certification of performance characteristics of materials, systems or equipment is required by the Contract Documents, the Architect shall be entitled to rely upon such certification to establish that the materials, systems or equipment will meet the performance criteria required by the Contract Documents.

1.4.14 The Architect shall submit to the Director a schedule of colors and finishes for the Project which the Architect has selected from approved submittals. Wherever practicable, Architect shall supplement schedule of colors and finishes with color chips, swatches and samples. Provided the Contractor has submitted in a timely manner acceptable samples of products he proposes to use, the Architect shall submit a schedule of colors and finishes with sufficient lead time to permit

a thirty day review/approval period without risk of delay and the timely incorporation of the finishes, materials and similar items with other aspects of the Project. During the review period, the Architect shall confer with the Director and such others as the Director may designate and make adjustment to the schedule of colors and finishes as necessary to obtain approval by the Director.

1.4.15 The Architect shall review Contractor's requests and make recommendations to the Director. When requested by the Director, the Architect shall prepare for the Director's approval and execution in accordance with the Contract Documents, and shall have authority, with the concurrence of the Director, to order minor changes in the work which do not involve an adjustment in the construction contract amount or an extension of the construction contract time for completion and which are not inconsistent with the intent of the Contract Documents. For the purpose of this section, "construction contract amount" shall be that amount and "construction contract time" for completion shall be that period as they appear in the Contract Documents initially or as they shall have been lawfully and legitimately amended under the terms of that contract at the time of such Contractor's request.

1.4.16 The Architect shall conduct inspections to determine and recommend to the Director the dates of Substantial Completion and the date of final completion, and shall receive and forward to the Director for the Director's review, written warranties, guarantees, releases, operating instructions and maintenance manuals, keys, equipment data and related documents required by the Contract Documents and assembled by the Contractor, and shall approve the Contractor's application for final payment upon compliance with the requirements of the Contract Documents.

1.4.17 The extent of the duties, responsibilities, and limitations of authority of the Architect shall not be restricted, modified or extended without written notice by the City to the Architect and Contractor.

1.4.18 Before final payment of Phase III Construction Services compensation, the Architect shall furnish to the Director, a complete set of AutoCAD V2013 and PDF files of drawings and specifications on a read-only compact disc. The digital files shall reflect significant changes in the work including changes in scope made during construction, based on marked-up Project record drawings maintained by the contractor at the Project site, and drawings and other data furnished by the Contractor to the Architect. The Architect shall be able to rely on the accuracy of such changes and other information supplied by the Contractor and will not be required to perform studies to determine the completeness of such recorded changes, if any, supplied by the Contractor.

1.5 **PHASE IV: POST-CONSTRUCTION SERVICES**

1.5.1 The Architect shall proceed with the Phase IV Post-Construction Services upon written authorization by the Director to proceed.

3.2 **RESPONSIBILITY FOR CONSTRUCTION COST**

3.2.1 Evaluations of the City's Project budget, preliminary estimates of Construction Cost and detailed estimates of Construction Costs, if any, prepared by the Architect, represent the Architect's best judgment as a design professional familiar with the construction industry. It is recognized, however, that neither the Architect nor the City has control over the cost of labor, materials or equipment, over the Contractor's methods of determining bid prices, or over competitive bidding or market conditions. Accordingly, the Architect cannot and does not warrant or represent that bids will not vary from the Project budget proposed, established or approved by the City, if any, or from any estimates of Construction Cost or evaluation prepared by the Architect.

3.2.2 When a Maximum Total Construction Cost is established as a condition of this Contract in Section 1.1.2 or at any time prior to the taking of bids, the Architect shall be permitted to include contingencies for design, bidding and price escalation, to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, and, with written approval, to make reasonable adjustments in the scope of the Project, or to include in the Contract Documents alternate bids to adjust the Construction Cost to the specified Maximum Total Construction Cost.

3.2.3 If bidding has not commenced within 6 months after the Architect submits the Contract Documents to the City, any Project budget or Maximum Total Construction Cost may, when warranted in the opinion of the Director, be adjusted to reflect any change in the general levels of prices in the construction industry between the date of submittal of the Contract Documents to the City and the date on which bid proposals are sought.

3.2.4 If a Project budget or Maximum Total Construction Cost (adjusted as provided in Section 3.2.3) is exceeded by the lowest bona fide bid, the City shall (1) give written approval of an increase in such Maximum Total Construction Cost, or (2) authorize rebidding of the Project within a reasonable time, or (3) in the event the Project is abandoned, terminated in accordance with Section 9.2.1, or (4) cooperate in revising the Project scope and quality as required to reduce the Construction Cost. In the case of (4), provided a Maximum Total Construction Cost has been established as a condition of this Contract, the Architect, without additional charge, shall modify the Contract Documents as necessary to comply with the Maximum Total Construction Cost. The successful provision of such service shall be the limit of the Architect's responsibility arising from the establishment of such Maximum Total Construction Cost, and having done so, the Architect

shall be entitled to compensation for all services performed, in accordance with this Contract, whether or not Phase III: Construction Services are commenced.

9.2.2 The Architect may terminate this Contract upon thirty days written notice to the City if the City fails substantially to perform in accordance with the terms of this Contract or if activity on the Project is suspended by the City for longer than the time period set out in Section 6.5.1, or if a Force Majeure causes suspension of the Project for longer than ninety days, provided, however, in the event the failure or suspension is cured within a thirty day period following the receipt by the City of the Architect's termination notice, the notice of termination shall become ineffective.

9.2.3 Upon receipt of a notice of termination and prior to the effective date of the termination, the Architect shall, unless the notice otherwise directs, immediately begin to phase-out and discontinue all services in connection with the performance of this Contract and shall proceed to promptly cancel all existing orders and contracts insofar as such orders and contracts are chargeable to this Contract. - 9.3.4 If the Force Majeure continues for more than 30 days, the Director may terminate this Contract by giving seven days' written notice to Architect. Such termination is not a default or breach of this Contract. Architect waives any claim it may have for financial losses or other damages resulting from the termination except for amounts due under the Contract.
- 9.3.5 Architect shall not be relieved of the performance of its obligations under this Contract due to a strike or work slowdown of its employees. Architect shall employ only fully trained and qualified personnel during a strike.

10.9 **NOTICES**

10.9.1 All notices required or permitted hereunder shall be in writing and shall be deemed received when actually received or if earlier, on the third day following deposit in a United States Postal Service post office or receptacle with proper postage affixed (certified mail, return receipt requested) addressed to the other party at the address prescribed in the preamble hereof or at such other address as the receiving party may have theretofore prescribed by notice to the sending party.

10.10 **CAPTIONS**

10.10.1 The captions at the beginning of the articles and sections of this Contract are guides and labels to assist in locating and reading such articles and sections and, therefore, will be given no effect in construing this Contract and shall not be restrictive of or be used to interpret the subject matter of any article, section or part of this Contract.

10.11 ACCEPTANCES AND APPROVALS

10.11.1 Any acceptance or approval by the City, or its agents or employees shall not constitute nor be deemed to be a release of the responsibility and liability of the Architect, its employees, agents, subcontractors or suppliers for the accuracy, competency and completeness of any Documents prepared or services performed pursuant to the terms and conditions of this Contract, nor shall acceptance or approval be deemed to be an assumption of such responsibility or liability by the City, or its agents and employees, for any defect, error or omission in any Documents prepared or services performed by the Architect, its employees, agents, subcontractors or suppliers pursuant to this Contract.

10.12 AMBIGUITIES

10.12.1 In the event of any ambiguity in any of the terms of this Contract it shall not be construed for or against any party hereto on the basis that such party did or did not author the same.

10.13 INDEPENDENT CONTRACTOR

10.13.1 The relationship of the Architect to the City shall be that of an independent contractor. The City has no control or supervisory powers over the manner or method of Architect's performance under this Contract. All personnel Architect uses or provides are its employees or subcontractors and not the City's employees, agents, or subcontractors for any purpose whatsoever. Architect is solely responsible for the compensation of its personnel, including but not limited to: the withholding of income, social security, and other payroll taxes and all worker's compensation benefits coverage.

10.14 SURVIVAL

10.14.1 The provisions set forth in Article 8, Ownership and Use of The Documents, herein shall survive the termination, cancellation or expiration of this Contract.

10.15 EXTENT OF CONTRACT

10.15.1 This agreement, including its sections and the referenced Exhibits A to M which are made a part hereof, represents the entire and integrated agreement between the City and the Architect ("Contract") and supersedes all prior negotiations, representations or agreements either written or oral. This Contract may not be altered or amended except in writing executed on behalf of all of the parties and approved by ordinance by the City Council of the City of Houston.

10.15.2 If a conflict among the sections and Exhibits arises, the sections shall control over the Exhibits.

10.15.3 This Contract is between the City and Architect, which are collectively referred to as the "parties" or singularly as a "party." This Contract shall bind and benefit the parties and shall not bestow any rights or benefits upon any third parties.

10.15.4 If any part of this Contract is for any reason found to be unenforceable, all other parts remain enforceable unless the result materially prejudices either party.

10.16 FAIR CAMPAIGN ORDINANCE

10.16.1 The City of Houston Fair Campaign Ordinance makes it unlawful for a contractor to offer any contribution to a candidate for City elective office (including elected officers and officers-elect)

during a certain period of time prior to and following the award of the Contract by the City Council. The term "Contractor" includes proprietors of proprietorships, partners or joint venturers having an equity interest of 10 percent or more for the partnership or joint venture, and officers, directors and holders of 10 percent or more of the outstanding shares of corporations. A statement disclosing the names and business addresses of each of those persons will be required to be submitted with each bid or proposal for a City Contract. See Chapter 18 of the Code of Ordinances, Houston, Texas, for further information. The term "contractor" as used in this ordinance and for the purposes of this Contract, shall mean the "Architect".

10.17 **ENFORCEMENT**

10.17.1 The City Attorney or his or her designee shall have the right to enforce all legal rights and obligations under this Contract without further authorization. Architect covenants to provide to the City Attorney all documents and records that the City Attorney deems necessary to assist in determining Architect's compliance with this Contract, with the exception of those documents made confidential by federal or State law or regulation.

10.17.2 This Contract is subject to the laws of the State of Texas, the City Charter and Ordinances, the laws of the federal government of the United States, and all rules and regulations of any regulatory body or officer having jurisdiction.

10.17.3 The parties consent to venue for any litigation relating to this Contract being Harris County, Texas, regardless of any choice of law rules.

10.17.4 Unless otherwise specified in this Contract, the rights and remedies contained in this Contract are not exclusive, but are cumulative of all rights and remedies which exist now or in the future. Neither party may terminate its duties under this Contract except in accordance with its provisions.

10.18 **DRUG DETECTION AND DETERRENCE**

10.18.1 It is the policy of the City to achieve a drug-free workforce and to provide a workplace that is free from the use of illegal drugs and alcohol. It is also the policy of the City that the manufacture, distribution, dispensation, possession, sale or use of illegal drugs or alcohol by Architects while on City Premises is prohibited. By executing this Contract, Architect represents and certifies that it meets and shall comply with all the requirements and procedures set forth in the Mayor's Policy on Drug Detection and Deterrence, City Council Motion No. 92-1971 ("Mayor's Policy") and the Mayor's Drug Detection and Deterrence Procedures for Architects, Executive Order No. 1-31 Revised ("Executive Order"). City Council Motion No. 92-1971 (Mayor's Policy) is on file in the office of the City Secretary. Copies of Executive Order No. 1-31, Revised may be obtained in Room B-1, City of Houston Offices located at 1801 Main Street.

10.18.2 Executive Order No. 1-31, Revised applies to all City of Houston contracts for labor and/or services except the following:

- .1 Contracts authorized by Emergency Purchase Orders,
- .2 Contracts in which imposition of the requirements of this Executive Order would exclude all potential bidders or proposers or would eliminate meaningful competition for the contract,
- .3 Contracts with companies that have fewer than fifteen employees during any 20-week period during a calendar year and no safety impact positions,

.4 Contracts with non-profit organizations providing services at no cost or reduced cost to the public, and

.5 Contracts with federal, state, or local governmental entities.

10.18.3 Prior to execution of this Contract, Architect will have filed with the City (i) the Drug Policy Compliance Agreement substantially in the format set forth in **Exhibit "E"** (Attachment A to the Executive Order), (ii) a copy of its drug-free workplace policy, and (iii) a written designation of all safety impact positions, if applicable or (iv) a Certification of No Safety Impact Positions, substantially in the format set forth in **Exhibit "F"** (Attachment C to the Executive Order), if applicable (i.e. no safety impact positions). Architect shall also file every 6 months during the performance of this Contract and upon the completion of this Contract, a Drug Policy Compliance Declaration in a form substantially in the format set forth in **Exhibit "G"** (Attachment B to the Executive Order). The Drug Policy Compliance Declaration shall be submitted within 30 days of the expiration of each 6-month period of performance and within 30 days of completion of this Contract. The first 6-month period shall begin to run on the date City issues its Notice to Proceed hereunder or if no Notice to Proceed is issued, on the first day Architect begins Work.

10.18.4 Architect shall have the continuing obligation to file with the Director written designations of safety impact positions and Drug Policy Compliance Declarations at any time during the performance of this Contract that safety impact positions are added if initially no safety impact positions were designated. Architect also shall have the continuing obligation to file updated designations of safety impact positions with the Director when additional safety impact positions are added to Architect's employee work force.

10.18.5 Architect shall require that its subcontractors comply with the Mayor's Policy and the Executive Order and Architect shall be responsible for securing and maintaining the required documents for City inspection throughout the term of this Contract.

10.18.6 The failure of Architect to comply with the above Sections shall be a breach of this Contract entitling City to terminate in accordance with Article 9.

10.19 **BUSINESS STRUCTURE AND ASSIGNMENTS**

10.19.1 Architect shall not assign this Agreement at law or otherwise or dispose of all or substantially all of its assets without the Director's prior written consent. Nothing in this clause, however prevents the assignment of accounts receivable or the creation of a security interest as described in Section 9.406 of the Texas Business & Commerce Code. In the case of such an assignment, Architect shall immediately furnish the City with proof of the assignment and the name, telephone number, and address of the Assignee and a clear identification of the fees to be paid to the Assignee.

10.20 **ARCHITECT'S DEBT**

10.20.1 If Architect, at any time during the term of this Contract, incurs a debt, as the word is defined in Section 15-122 of the Houston City Code of Ordinances, it shall immediately notify City Controller in writing. If City Controller becomes aware that Architect has incurred a debt, it shall immediately notify Architect in writing. If Architect does not pay the debt within thirty days of either such notification, City Controller may deduct funds in an amount equal to the debt from any payments owed to Architect under this Contract, and Architect waives any recourse

therefore. Architect shall file a new Affidavit of Ownership, using the form designated by City, between February 1 and March 1 of every year during the term of this Agreement.

10.21 ARCHITECT'S ACCOUNTING RECORDS, INSPECTIONS AND AUDITS

10.21.1 The Director and City Controller shall have the right to examine and review the Architect's books, records and billing Documents which are directly related to performance or payment under this Contract. The Architect shall maintain such books, records, and billing Documents for four years after the cessation of Architect's other services and responsibilities under this Contract. Nothing in this Article shall affect the time for bringing a cause of action nor the applicable statute of limitations.

The parties have executed this Contract in duplicate copies, each of which shall be an original, as of the date of countersignature by the City Controller of the City of Houston.

II. REQUIREMENTS

1. The contractor, subcontractor, vendor, supplier, or lessee will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, or age. The contractor, subcontractor, vendor, supplier, or lessee will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, religion, color, sex, national origin, or age. Such action will include, but be limited to, the following: employment; upgrading; demotion or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor, subcontractor, vendor, supplier, or lessee agrees to post in conspicuous places available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this Equal Employment Opportunity Clause.

2. The contractor, subcontractor, vendor, supplier, or lessee states that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, national origin, or age.

3. The contractor, subcontractor, vendor, supplier, or lessee will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer advising the said labor union or workers' representative of the contractor's and subcontractor's commitments under Section 202 of Executive Order No. 11246, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The contractor, subcontractor, vendor, supplier, or lessee will comply with all provisions of Executive Order No. 11246 and the rules, regulations, and relevant orders of the Secretary of Labor or other Federal Agency responsible for enforcement of the equal opportunity and affirmative action provisions applicable, and will likewise furnish all information and reports required by the Mayor and/or Contractor Compliance Officer(s) for purposes of investigation to ascertain and effect compliance with this program.

5. The contractor, subcontractor, vendor, supplier, or lessee will furnish all information and reports required by Executive Order No. 11246 and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to all books, records, and accounts by the appropriate City and Federal Officials for purposes of investigations to ascertain compliance with such rules, regulations, and orders. Compliance reports filed at such times as directed shall contain information as to the employment practice policies, program, and work force statistics of the contractor, subcontractor, vendor, supplier, or lessee.

6. In the event of the contractor's, subcontractor's, vendor's, supplier's, or lessee's non-compliance with the non-discrimination clause of this contract, or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part, and the contractor, subcontractor, vendor, supplier, or lessee may be declared ineligible for further City contracts in accordance with procedures provided in Executive Order No. 11246, and such other sanctions may be imposed and remedies invoked as provided in the said Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as may otherwise be provided by law.

7. The contractor shall include the provisions of paragraphs 1-8 of this Equal Employment Opportunity Clause in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965 so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontractor or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event the contractor becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

8. The contractor shall file and shall cause each of his subcontractors, if any, to file compliance reports with the City in the form and to the extent as may be prescribed by the Mayor. Compliance reports filed at such times as directed shall contain information as to the practices, policies, programs, and employment policies and employment statistics of the contractor and each subcontractor.
