Online Will Preparation

You and your family have access to a full legal library with many estate planning documents, including an online will. You can create your own will online in a safe and secure way, right from your home. The will can be saved and updated as family situations change. Creating a will provides security and peace of mind for several reasons:

- Appoints a guardian for children
- Controls where property and assets go
- Provides family security

Online Funeral Planning

You have access to an online funeral planning site that features a variety of helpful tools and information, such as:

- A downloadable funeral planning guide to document vital information your loved ones will need when making final arrangements
- Calculators to estimate and compare expenses for various types of funeral arrangements
- Information on funeral requirements and various religious customs
- Directories to locate funeral homes and cemeteries in your area
