Free Medications

Preventive Generic Medications: Preventive medications are used to prevent conditions like high blood pressure, high cholesterol, heart attack, stroke, diabetes, asthma, prenatal nutrient deficiency, etc. The City's prescription drug plan covers most of these medications at no cost to you. Go to myCigna.com website, app or call Cigna Express Scripts at 800-835-3784 to learn which medications are free. You can also use the Drug Cost tool to estimate costs of any medications that are not on the no cost list.

No Cost Smoking Cessation and Contraceptive Medications: The City's pharmacy plan covers prescription and over-the-counter smoking cessation and contraceptive products with no copay, coinsurance or deductible.

Patient Assurance Program: Certain preferred brand insulin drugs are eligible for a maximum copayment of \$25 for a 30-day supply and \$75 for a 90-day supply at participating in-network pharmacies.
