The right care, at the right time in communities where our patients live and work.

As an Independent Physicians Association, Renaissance Physicians is committed to delivering better quality, access, experience and outcomes.

Our personalized and proactive approach to care offers distinct advantages over more traditional care models where patients are only treated when sick.

Improved patient outcomes

because personalized care includes preventive care measures and leading-edge medical treatments.

Care coordination

with resources to support patient navigation and pharmacy, our doctors and their care teams work with the health plan to share information, communicate and coordinate care that improves the engagement and health of members who need care.

Preventive care

includes regular checkups with age-appropriate screenings.

Convenient locations

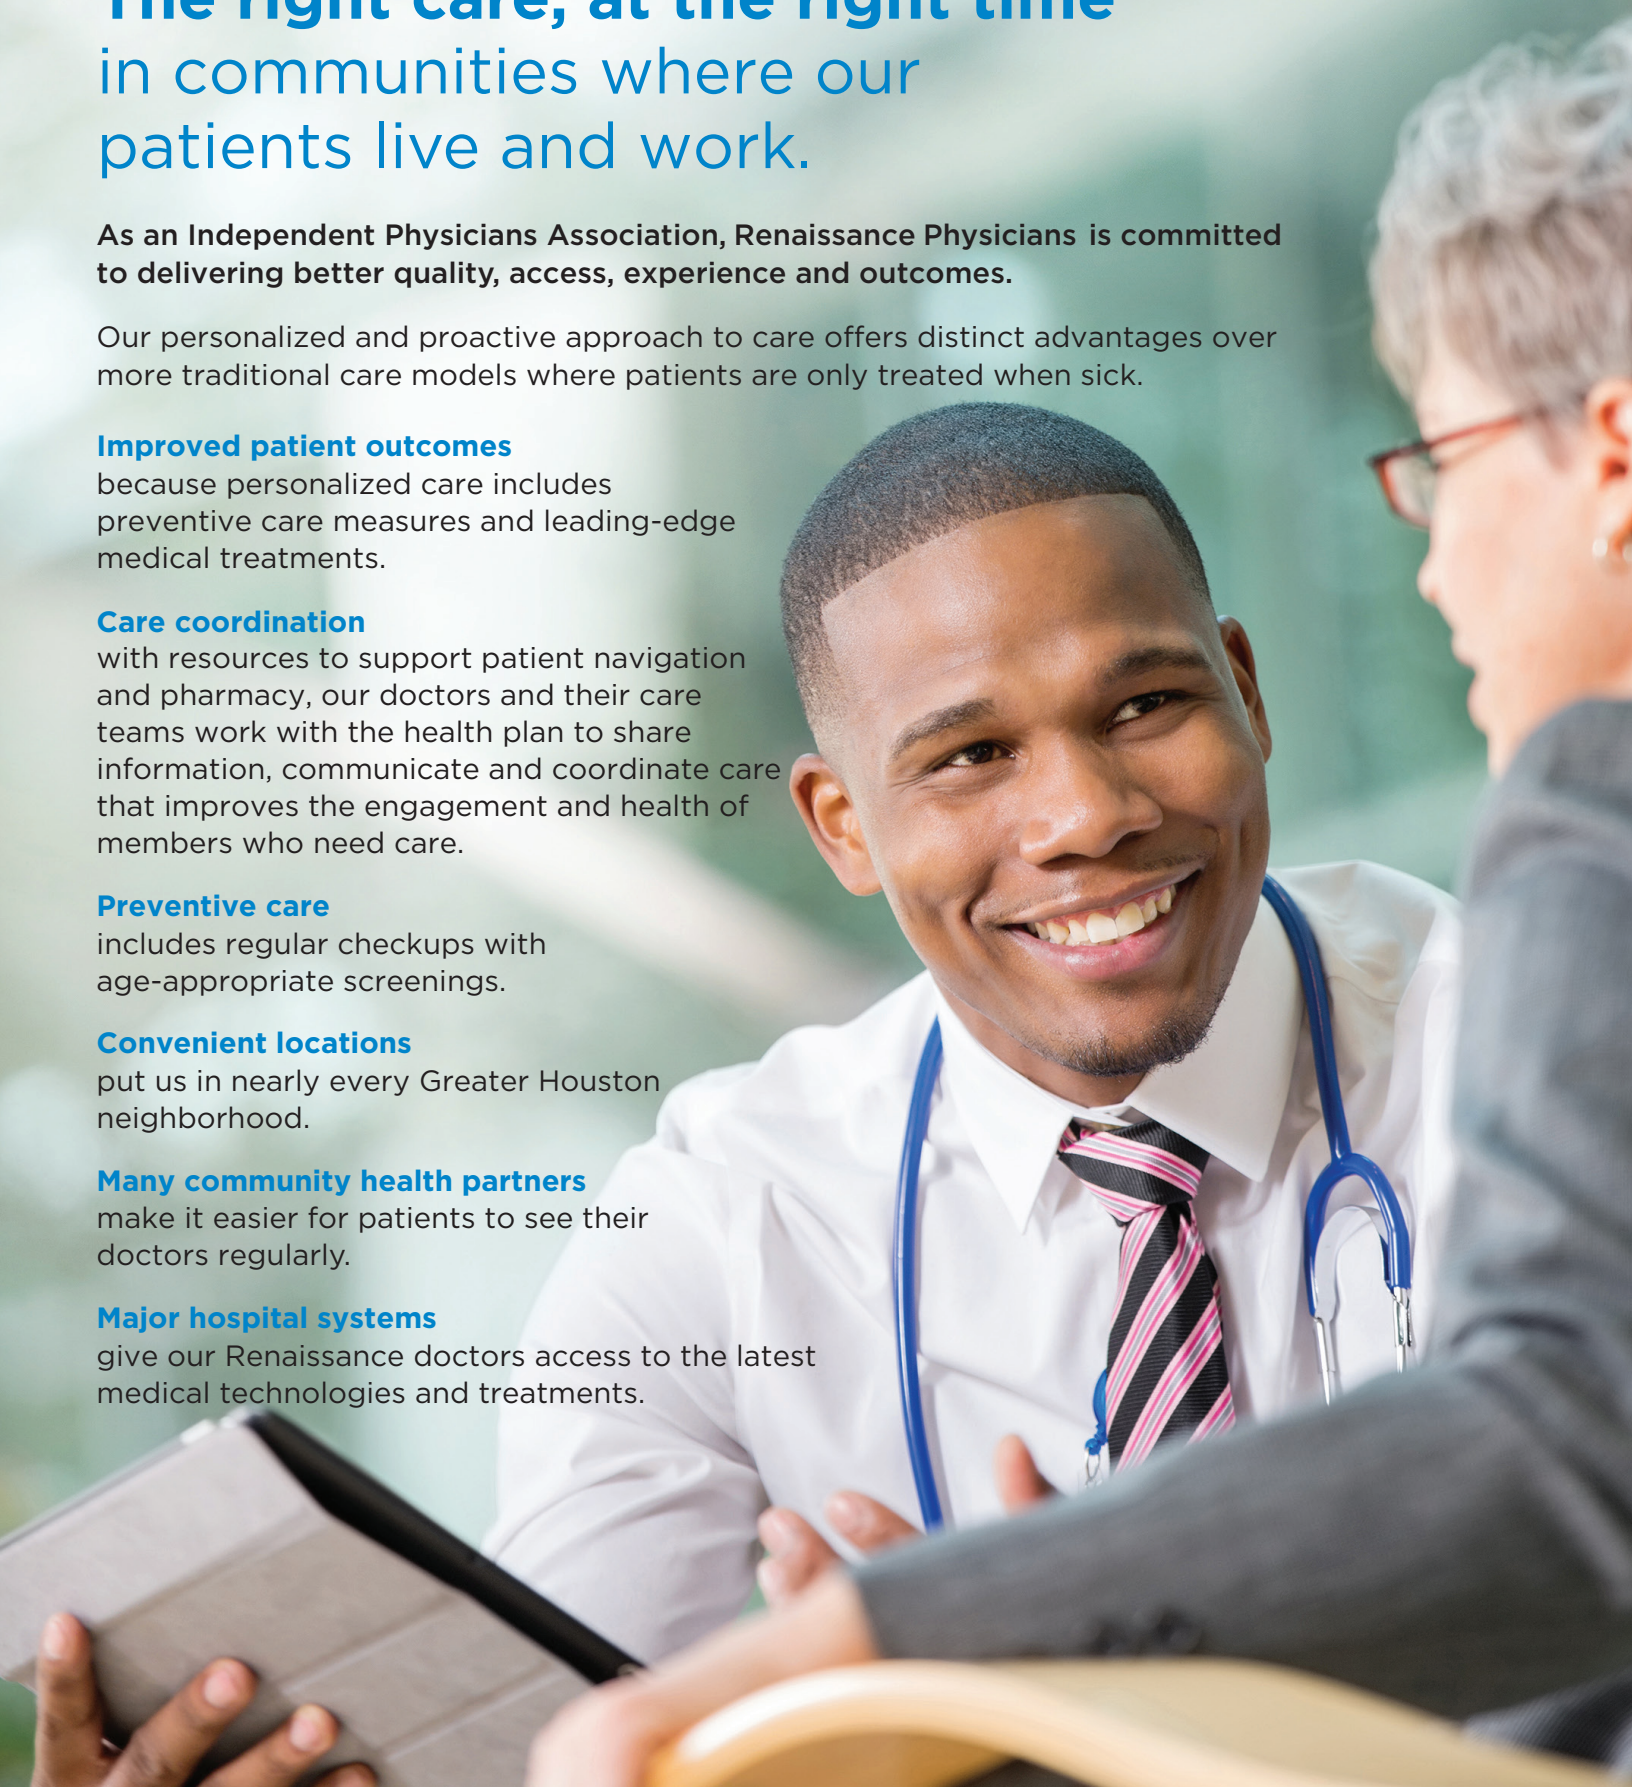

put us in nearly every Greater Houston neighborhood.

Many community health partners

make it easier for patients to see their doctors regularly.

Major hospital systems

give our Renaissance doctors access to the latest medical technologies and treatments.

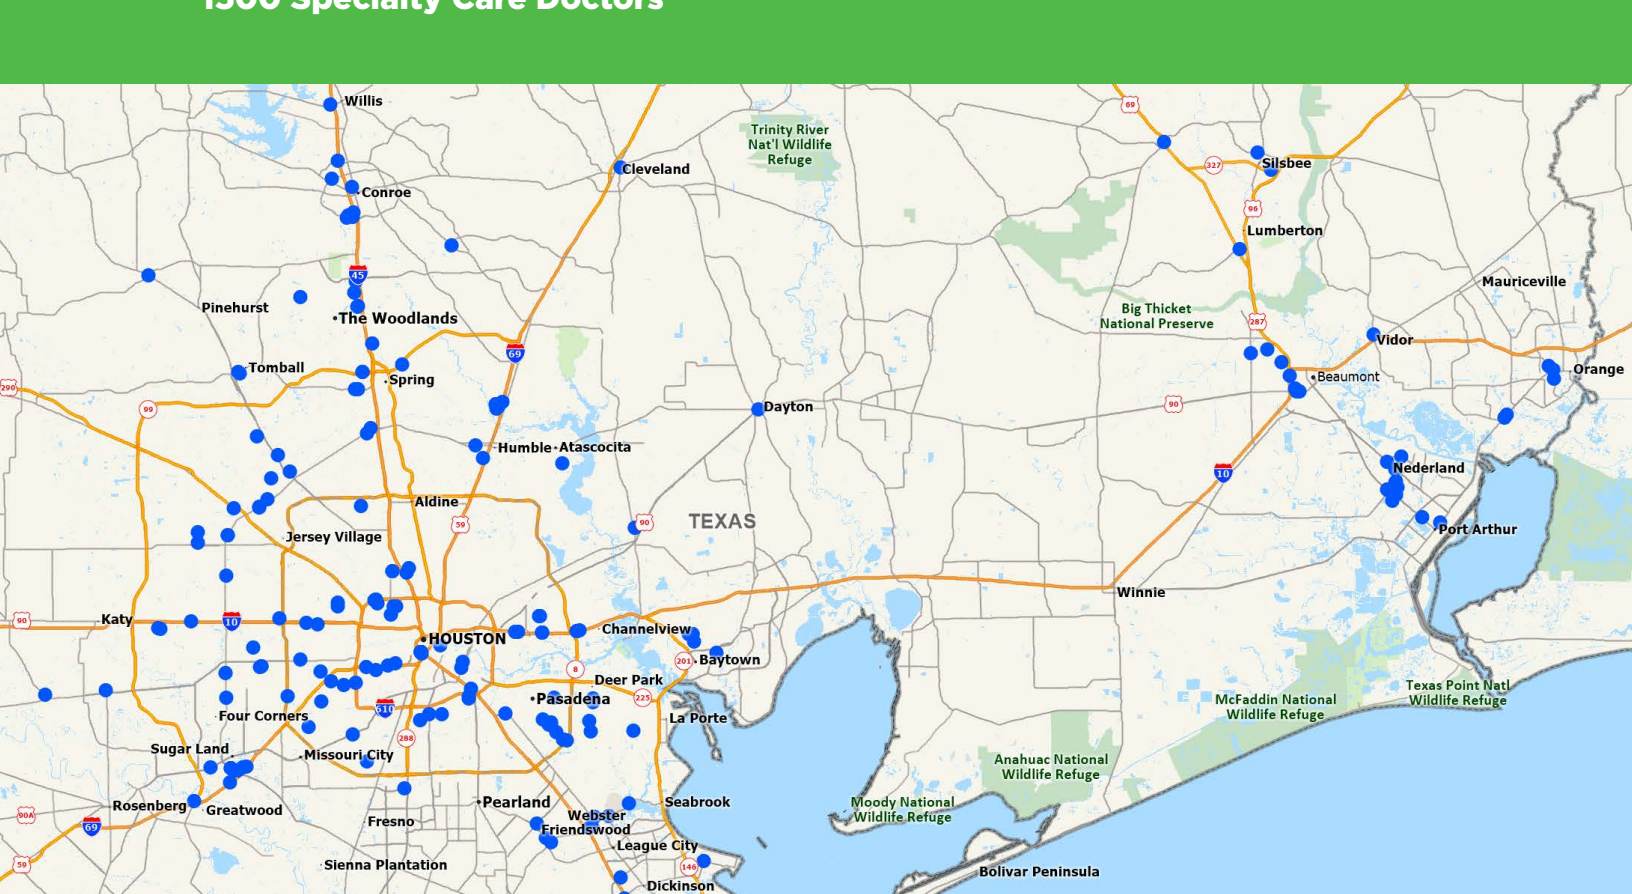

Renaissance Physician patients are able to find the care they need to get and stay healthy.
