* The Reliant Client Employee Program is available for active **City of Houston** employees where Reliant provides retail electricity service. This offer is not transferable and is only available to residential customers in Texas. Customers signing up on select prepaid electricity plans are not eligible for the Paperless Billing discount.

** The Paperless Billing discount will be effective within two billing cycles after registration, enrollment in Reliant Paperless Billing, and verification of employment and customer status. You must be enrolled in Reliant Paperless Billing to receive the discount. The discount will be based on the current month's usage and does not apply to past-due balances, taxes, third-party services, non-commodity products like Make It Solar or Reliant EcoShare, non-recurring charges, or guard lights. The Paperless Billing discount will be applied to a single meter per employee, before other discounts or billing options are calculated.

To receive the Paperless Billing discount, you must be a Reliant customer and your Reliant electricity account must be in your name or show a service address that matches your home address as reflected in the **City of Houston** employment records. The Paperless Billing discount ends immediately if you move to a different service address. Re-enrollment is required at the new service address.

Your participation in the Reliant Client Employee Program and the Paperless Billing discount will end immediately upon termination of employment with **City of Houston** or upon termination of **City of Houston** electricity supply contract with Reliant. Reliant reserves the right to change or discontinue this program without notice.
