

Centralized Drug Testing Program

As a result of the HR Centralization of Drug Testing Scheduling, all drug test scheduling and coordination will now be centralized through the Human Resources Department by contacting COH.drugtesting@houstontx.gov. This includes pre-employment, post-accident, reasonable suspicion, return-to-duty, and any other required testing requests. Prior to sending an employee to a drug test collection site, be sure you have completed the intake form so that a Q-passport is generated.

Collection Sites Available

Note: All Hair Testing should be sent to Alliance Health Resources, 2910 Center Street, Deer Park, Texas 77536

All AFC Urgent Care sites maintain a lockbox for firearms
