Easter Egg Rolling Race

Let the good times roll with this fun nature-based relay race. Start with a dozen (or more) hardboiled eggs, one for each racer. Mark off a straight racetrack with multiple lanes using items you find in nature. Each player begins by placing his or her egg at the starting line in his or her lane. Similar to the popular White House tradition, each player then uses a wooden spoon or stick to roll the egg down the lane and across the finish line. The first one to cross the finish line wins!

Capture the Egg

Get ready for a little friendly competition with this fun take on "Capture the Flag". Divide all your players into two teams. For this game you'll need eight eggs, four each in two different colors. Have each team choose a color and then line up their eggs on their end of the field. Each team must try to capture the other team's eggs and bring them to their side of the field without being tagged by a member of the opposing team. If a player is tagged by an opponent, they are out. To win, a team must successfully capture all the other team's eggs or must have the last man standing.

Easter Egg Treasure Hunt

X marks the spot with this Easter-themed spin on treasure hunting! Fill an Easter basket with goodies. Hide the basket somewhere and then fill plastic eggs with clues that will help players locate the treasure. The first to reach the basket wins the treasure!
