Greenspace Adoptions

Houston Parks and Recreation Department Greenspace Adoption Programs

The Houston Parks and Recreation Department's Park and Greenspace Adoption Programs are a great way to show your support for parkland and greenspaces!

It's a great way for individuals, businesses, sports leagues, civic and community groups, or corporate sponsors to show their green thumbs and commitment to Houston's environment. Support can range from tree donations, organized cleanups and beautification projects, ball field maintenance and improvements, as well as new park amenities and development.

Show your support for your local park system and the Quality of Life for your community, your employees and all of Houston by adopting a park or Greenspace.

Adoption categories include:

Adopt-a-Park - provides long-term support for the maintenance and aesthetic quality of a park.

Adopt-an-Esplanade - provides long-term support for the maintenance and aesthetic quality of esplanades/medians.

Adopt-a-Sports Field - provides a 6 month support and maintenance adoption of a sports field in lieu of paying permitting fees associated with the use of the ball field. This program is open to youth leagues only.

Adopt-a-Library Green Space - provides long-term support for the maintenance and aesthetic quality of library grounds.
