City seeks input on mobility needs for the Heights-Northside and for Houston's Northwest community

HOUSTON, March 18, 2013 – The city of Houston is seeking public input regarding existing issues and challenges in these neighborhoods in order to promote better mobility choices. The purpose of these studies is to identify near and long range improvements intended to promote better mobility. The studies will recommend a multi-modal classification for streets within the study area.

The **Heights-Northside** study area boundaries are US 59, Loop 610 and I-10. The Heights-Northside Study website: http://www.houstontx.gov/planning/DevelopRegs/mobility/Heights_Northside.html.

Tuesday, March 26th, 2013
6 p.m. - 8 p.m.
Lambert Hall
1703 Heights Boulevard
Houston, TX 77008

The **Northwest Study** area boundaries are I-45, US 290, Beltway 8, and Loop 610. Northwest Mobility Study website: <http://www.houstontx.gov/planning/DevelopRegs/mobility/Northwest.html>

Wednesday, March 27th, 2013
6 p.m. - 8 p.m.
Candlelight Community Center
1520 Candlelight
Houston, TX 77018
