## ACKNOWLEDGEMENT OF RESPONSIBILITY

**Requirements:** A complete application includes all applicable information requested on checklists to provide a complete and accurate description of existing and proposed conditions. Preliminary review meeting or site visit with staff may be necessary to process the application. Owner contact information and signature is required. Late or incomplete applications will not be considered.

**Deed Restrictions:** You have verified that the work does not violate applicable deed restrictions.

**Public Records:** If attached materials are protected by copyright law, you grant the City of Houston, its officers, agencies, departments, and employees, non-exclusive rights to reproduce, distribute and publish copyrighted materials before the Houston Archaeological and Historical Commission, the Planning Commission, City Council, and other City of Houston commissions, agencies, and departments, on a City of Houston website, or other public forum for the purposes of application for a Certificate of Appropriateness or building permit, and other educational and not for profit purposes. You hereby represent that you possess the requisite permission or rights being conveyed here to the City.

**Compliance:** If granted, you agree to comply with all conditions of the COA. Revisions to approved work require staff review and may require a new application and HAHC approval. Failure to comply with the COA may result in project delays, fines or other penalties.

#### French Door installation process

1. First we will remove all the wood trim surrounding the 3 glass panels to the right of the front door
2. Next we will remove the three glass panels to the right of the door clearing any debris
3. Once all three glass panels are removed we will attach 3 door frames "to the existing studs" to each of the 3 open panels.
4. lastly the custom French doors will be installed to the frames.

The Doors will be fabricated off site , built and installed by <http://www.dandldoors.com/>  
The entire installation will be less than a few hours

Each Door will be 95 inches height and 62.6 inches in width totaling two doors (single door 31.3inches)

Each door will have the capability of opening outward and be made out of solid wood, glass and painted black and made to match the exact look of the current Windows ( replicating current wood trim )

Fabrication time should be no longer than two weeks

Once the doors are made an delivered the install will happen simultaneously having no down time never leaving the interior of the building exposed longer than a few hours

#### Materials list

- 3 large french doors custom made to fit the required 95 inches height and 62.6 inches in width each
- 3 large steel frames to fit the custom made French doors ...many large bolts to fasten the frames in place

Thank you for all [the help](#)
